PATENTS ACT 1977

IN THE MATTER OF an application under
Section 72 by Mannesmann Kienzle GmbH for the
revocation of Patent No GB 2119095 in the name of
Industrial Control Systems BV

DECISION

The applicants for revocation now state that they no longer wish to pursue the application.

In order to meet the issues raised, the proprietors have submitted proposals for amendment of the specification. The proposed amendments are shown in a copy of the printed specification annexed to this decision. The amendments have been advertised and opposition to them has been withdrawn irrevocably.

The amendments are such as may lawfully be made in these proceedings. Having now considered the objections raised by the applicants for revocation, I decide to allow the specification to be amended in the manner shown in the said copy of the printed specification and make no order for revocation of the patent.

Signed this 3 day of November 1993
