**Parliamentary Resolution
adopted 11 February 1991.**

The Althingi resolves to confirm that the recognition by the Government of Iceland in 1922 of the independence of the Republic of Lithuania is fully valid.

The Althingi supports the Government's decision from January 23 1991, to agree to the request of the democratically elected authorities in Lithuania to initiate talks concerning diplomatic relations.

The Althingi calls upon the Government to bring this issue to a conclusion by establishing diplomatic relations with Lithuania as soon as possible.
