3. Survey introduction with named respondent

3. CONTACT NAMED RESPONDENT AND INTRODUCE SURVEY

Good afternoon / evening. My name is and I'm calling on behalf of TNS BMRB. I'm carrying out the 'Taking Part' survey for the government. It's about the kinds of activities you choose to do in your own time and about how you feel about the facilities in your local area.

You may remember completing this survey last year. At the time, you agreed that TNS BMRB could get back in contact with you regarding future research on this topic.

You should have received a letter from the Department for Culture, Media and Sport explaining that we would be contacting you.

7. Screening for proxy interview with PARENT/GUARDIAN of CHILD AGED 5

PROXY INTERVIEW ABOUT CHILD AGED 5 - SCREEN NUMBER

5

If the main longitudinal adult is the parent/guardian of a child aged 5 years, you will be prompted at the end of the questionnaire to obtain an additional interview about the child. If the longitudinal adult mentions that there is a 5 year old in the household before this stage, you should conduct the screening at this point.

There are several situations when you will be unable to do the screening to identify whether there is a child aged 5 at the address:

- The final outcome for the main longitudinal adult is deadwood (screen 1 - codes 7, 10, 11, 13 and 80)
- The named longitudinal respondent has moved and follow up address unknown, outside of assignment area or moved to armed forces or other institution (screen 1 - codes 92, 93 or 94)
- You have not made contact with anyone at the address or the named contact (Screen 1 - code 16 or 35)
- You have made contact, but all household information has been refused (Screen 1 - code 17)
- An office refusal (Screen 1 - code 31)

IN ALL THESE CASES YOU SHOULD REPORT AN OUTCOME CODE 84 FOR THE CHILD 5 SCREENING.

If you are reporting an unproductive outcome code (33-44) for the main longitudinal respondent and have been unable to establish a definite child aged 5 screening outcome, you should report outcome 84. Outcome code 83 should only be used if you have had a direct refusal to question S1.

S1. How many children **aged 5** live in this household (exclude the named longitudinal 5-10 year old if still aged 5 at time of screening)?

WRITE IN: NUMBER OF CHILDREN AGED 5 (e.g. TWO = 2)

IF NONE
IF ONE OR MORE
IF UNABLE TO ESTABLISH

A	REPORT OUTCOME 81 in SECTION 8
B	GO TO S2
C	REPORT OUTCOME IN SECTION 8 (Code 83 or 84)
