of Defence

Type 23 Frigate

Safeguarding Britain's vital maritime trade routes and interests

185 personnel on board

Range : 7,800 nautical miles

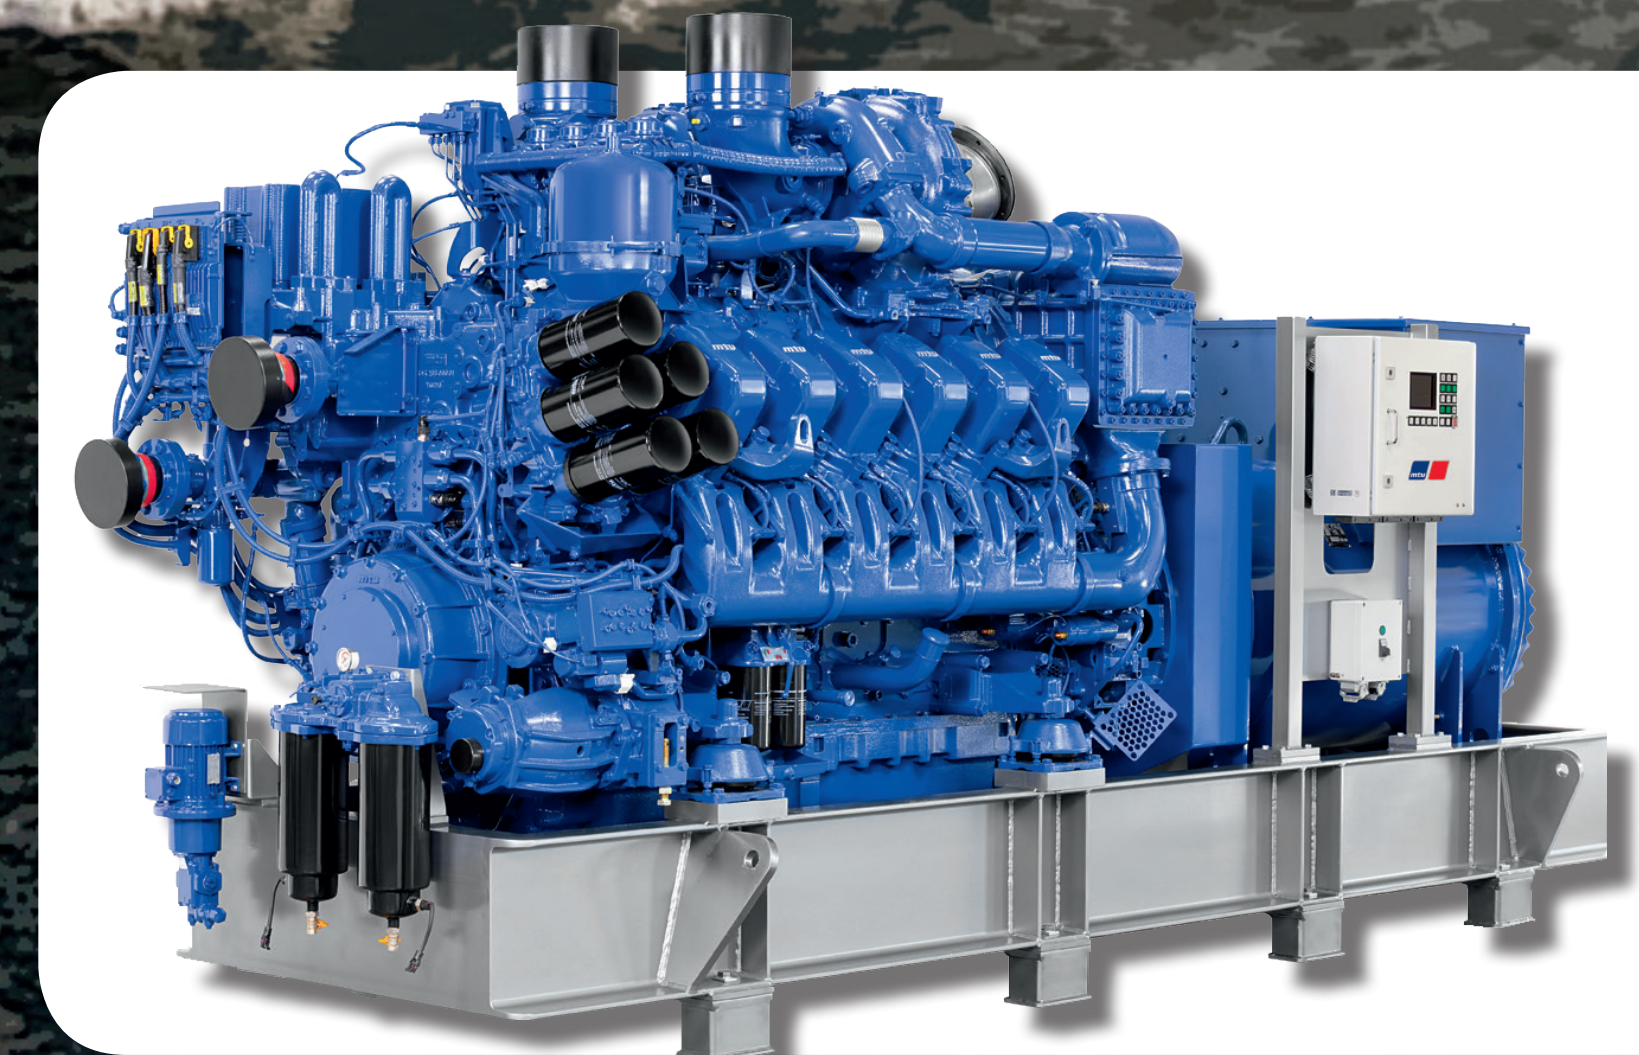

Each generator set will consume approx. 420 litre/hour at full-power, equivalent to 40 family saloon cars

The noise created by two of the generator sets will be 110 decibels equivalent to a power saw. The other two, sound-proofed for operational activity, will create only 80 decibels, the same as a dishwasher

The four diesel generator sets will each deliver 1.65 MW of power, the same as the usage of 3000 homes.

The four generator sets will weigh a total of 95 tonnes, equivalent to six single decker buses fully laden.
