

The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2004

Authorisation No 105

Applicable to carriage by road and rail

This authorisation is given in accordance with Regulation 36(5) of The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2004 as amended (The Carriage Regulations).

PURPOSE

To allow GB fire and rescue authorities¹ and their inspection bodies to use the following breathing apparatus cylinders for their full design life, subject to the alternative provisions set out below –

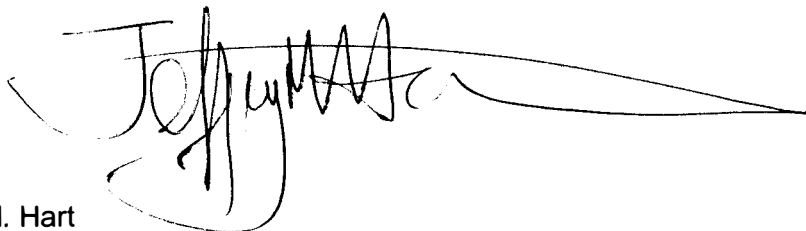

Model:	EFIC 9.0 liter SCBA
Part No:	7034 -001-Mi8
Type:	Type 3 fiber reinforced breathable air cylinder
Manufacturer:	Structural Composite Industries, Inc. 325 Enterprise Place Pomona CA 91768 USA

TIME LIMIT

This authorisation comes into effect immediately and remains valid until 30 June 2022.

ALTERNATIVE CARRIAGE PROVISIONS

1. With the agreement of the inspection body the cylinders may be used for their full design life (as marked on the cylinder).
2. The cylinder shall remain suitable for purpose and continue to be inspected and tested in accordance with the relevant ADR and RID provisions.
3. The cylinder may only be used and carried in Great Britain.

Jeffrey M. Hart

Head of Dangerous Goods Unit, Dangerous Goods Division, Department for Transport

14 March 2007

¹ For England and Wales, the fire and rescue authority under the Fire and Rescue Services Act 2004. For Scotland, the chief officer of the relevant authority (as defined by section 6 of the Fire (Scotland) Act 2005).
