DO NOT REISSUE

If you believe there is a reason NOT to reissue this address please place an 'X' in the box and give your reasons for this in the Notes Page.

How to complete the Front Page of the Address Contact Sheet

- Please complete your **interviewer name/ID** details and the **Police station registered** at (original assignments only – reissue interviewers should complete their details in Section 15)
- Complete your **Final Outcome** achievement in the space provided, as well as coding it in Section 6 according to the relevant issue stage
- If you indicate that an **address should not be reissued** you will need to provide details to support this on the Notes Page, as usual
- You will no longer be required to confirm the name and date details of any Supervision that takes place while you're working on a particular serial
- **Calls Record** grid:

This section will be **electronically scanned** so should be completed as clearly and neatly as possible. Please stay within the designated box, and not overwrite into another box-field when entering in the numbers/letters. Please use **blue or black ink**.

- Record the **time, day, date** and **month** of each visit
- The **Issue** column should be completed **to indicate which issue stage each call was made under** – so all Original visits should have an Issue number 0, visits on 1st Reissue serials should have an Issue number of 1, visits on 2nd Reissue serials should have an Issue number of 2 and so on
- Please specify a '**Call Status Code**' for every visit you log on the Calls Record by **entering the A-K code** in the Call Status Code column – the list of valid 'Call Status Codes' are:

A. Deadwood/Ineligible

B. Selection NOT done - No contact at Address/with Household (general call back to be made if not already established final outcome)*

C. Selection NOT done - Contact with Household (general call back to be made if not already established final outcome)*

D. Selection done - No Contact with Household (general call back to be made if not already established final outcome)*

E. Selection done - Contact with Household but No Contact with Selected Respondent (general call back to be made if not already established final outcome)*

F. Selection done - Contact with Respondent but unavailable (general call back to be made if not already established final outcome)*

G. Selection done - Personal refusal by Respondent

H. Proxy or Household Refusal (all information refused)

I. Selection done - Appointment made with Respondent to conduct interview

J. Selection done - Interviewing done

K. Other

** If you have achieved a final outcome code for the serial on a particular visit then you will obviously not need to make a 'general call back' but will still need to enter the relevant Call Status Code for the visit*

- Please note that you should **still be reporting a Final Outcome Code for each serial** - the '**Call Status Codes**' **do not replace the Final Outcome codes** in Section 6 or Section 13
- A Call Status Code should be reported for whether you're visiting the address to progress a Screen 0, Screen 8 *or* a Screen 9 Outcome

Also, please note that the Child and Youth codes 81-84 have now been moved from Section 8 and 10 respectively to the list of full outcomes for Child and Youth Screens in Section 13

Thank you

8. Screening for proxy interview with PARENT OF CHILD AGED 5-10

PROXY 5-10 INTERVIEW SCREEN NUMBER

8

If you obtain an adult interview with a parent/guardian of a child aged 5-10 years, you will be prompted at the end of the adult questionnaire to obtain an additional interview about the child. If anyone in the household mentions the 5-10 proxy interview before this stage you should conduct the screening at this point.

There are several situations when you will be unable to do the screening to identify whether there is a child aged 5-10 in the household:

- The main address is deadwood (Screen 0 - codes 1-13)
- You have not made contact with anyone at the address (Screen 0 - code 16)
- You have made contact, but all household information has been refused (Screen 0 - code 17)
- An office refusal (Screen 0 - code 31)

IN ALL THESE CASES YOU SHOULD REPORT AN OUTCOME CODE 84 FOR THE CHILD 5-10 SCREENING.

If you are reporting an unproductive outcome code (33-44) on the main survey and have been unable to establish a definite child 5-10 screening outcome (81 or 82), you should report outcome 84. Outcome code 83 should only be used if you have had a direct refusal to answer P1. **SCREEN 8 OUTCOMES ARE TO BE CODED IN SECTION 13.**

- You have made contact, but all household information has been refused (code 17)
