Highways England is delivering the £15billion of investment in England's motorways and major A roads as described in the government's Road Investment strategy (RIS). This includes £11bn of capital funding committed between 2015 and 2020 – as set out in our [Delivery Plan](#).

We have a good track record for delivering and are confident in our ability to meet the challenge that the £15bn Roads Investment Strategy presents. The Collaborative Delivery Framework (CDF) is a key part of how we deliver this significant step up in roads investment and provides a streamlined route for procuring capital works.

We are assessing how we will procure the remaining projects in our delivery programme once the CDF reaches its threshold and are gathering the views of our stakeholders, supply chain and partners to help inform what future model(s) could look like.

A copy of the information you requested is attached to the email with this letter.

Most documents supplied by Highways England will be Crown Copyright. Most Crown Copyright information can be re-used under the [Open Government Licence](#). For information about OGL and about re-using Crown Copyright information please see [The National Archives website](#).

If you are unhappy with the way we have handled your request you may ask for an internal review. Our internal review process is available at: <https://www.gov.uk/government/organisations/highways-england/about/complaints-procedure>

If you require a print copy, please phone the Information Line on 0300 123 5000; or e-mail info@highwaysengland.co.uk. You should contact me if you wish to complain.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at:

Information Commissioner's Office
