--	------------------------------	---------------------------------	-----------------

AUTHORIZED AMENDMENT

The regulation titles have changed to reflect the amended content and a new regulation has been inserted:

Regulation (1) has been amended to clarify the TAA responsibility to produce the Airworthiness Strategy which builds on the principles of the 4 pillars of airworthiness.
 Regulation (2) is new and is a breakout of the content of a previous regulation. It clearly articulates the responsibilities for Safety Management within the Project.
 Regulation (3) has been amended to focus on the Equipment Safety Assessment vice Safety Case, and provides clarity on the elements that support the Safety Assessment from the PT perspective.
 Regulation (4) has been amended to clarify the TAA responsibility to ensure the Equipment Safety Assessment and Project Safety Management System is subject to independent evaluation and audit.
