Does this data share proposal mean data could be shared with back to work and help to work suppliers to yourselves?

DWP response

We estimate that the cost of complying with your request would exceed the appropriate Freedom of Information cost limit of £600.

I am however including a link to the Governments response to the consultation paper which will provide you with detail of those who responded and a summary of the responses. This document can be found at:

Data will be shared for the purposes of providing advice, support and assistance under the Universal Support initiative to enable someone to make and maintain a claim to Universal Credit.
