

**We were asked:**

Q1. I am requesting access to the annual resource accounts of the Wales Office and the Welsh Office from 1994-2010 which could not be found online.

**We replied:**

A1. The Wales Office was part of the Ministry of Justice from 2007 to 2012, and prior to that part of the Department of Constitutional Affairs. I would suggest that you search online for the annual accounts of these Departments. Also to note that Departments did not start producing annual resource accounts until 1999/2000.
