The course, over a two year cycle, offers a distinctive learning experience, validated by active practitioners in the APA Training Committee, with unique features:

- A vibrant mix of lectures, laboratory practical sessions and interactive exercises.
- Wide range of experts, not available together elsewhere
- Up to date teaching of safety (chemical and microbiological), authenticity, analysis and the law of food, water, feeding-stuffs and fertilisers
- Professional networking with peer group and leading experts, National Reference Laboratories, senior academic researchers and policy officials.
- Alignment with the MChemA syllabus
- Practical and relevant training in microscopy and mycology.
- Interactive exercises including 'expert witness' role play mentored by experienced court going scientists

Department for
Business, Energy
& Industrial Strategy

Annual residential course on the analysis and examination of food,

April 3rd - 7th 2017, at Reading University.

Topics include food fraud, the new food labelling requirements, the Defra Food Authenticity programme, food allergen analysis, advanced DNA testing, microscopy and mycology, food law, certificate and report writing and sessions on fertilisers and feedingstuffs. *An evening interactive session offers training in court technique for the expert witness.*

Accommodation, in University hotel grade bedrooms, breakfast and evening meals in 'The Cedars' centrally on Reading University Campus. Teaching in seminar rooms and labs.

Who should attend?

Food Regulatory managers and scientists, food (and feed) laboratory staff.

Location

University of Reading, Whiteknights campus, a beautiful setting in parkland, RG6 6AH

Fees

Delegate rate for whole week including bed and breakfast accommodation, evening meals, notes and handouts is £1200. A separate Daily Rate of £300 is available (inc. evening meal). (PA lab delegates subsidised by APA Trust)

To book a place, numbers limited RSVP before 24th March 2017 to walkermj@ntlworld.com

Please note any special dietary/access requirements.
