Information request

I'm studying in Germany and right now i'm writing a thesis about older employees - employers who keep on working after the age of 65 - instead of retiring. Do you have any information about this group in general? Working paper or statistics?

DWP response

For working papers and/or statistics relating to employees who continue to work past their State Pension age.

Please find the web-link addresses to the relevant papers and statistics you require:

1. Office of National Statistics (ONS) statistical publication on older workers (aged State Pension age and over) on http://www.ons.gov.uk/ons/dcp171776_267809.pdf
2. Industry sectors for employees over 65 (though this paper predominantly focuses on those aged 50-64) http://statistics.dwp.gov.uk/asd/asd1/adhoc_analysis/2013/sector_initiative_analysis.pdf
3. Older Workers Statistical Information Booklet (OWSIB) <http://statistics.dwp.gov.uk/asd/workingage/owsib/index.php?page=owsib>
4. Working after State Pension age – quantitative analysis <http://statistics.dwp.gov.uk/asd/asd5/rrep182.pdf>
5. English Longitudinal Study of Ageing, wave 3 Extending Working Lives section; this contains multivariate analysis of who works past State Pension age and why <http://www.ifs.org.uk/ELSA/reportWave3>
6. English Longitudinal Study of Ageing, wave 4, chapter 2; this also contains multivariate analysis of who works past State Pension age and why <http://www.ifs.org.uk/elsa/report10/ch2.pdf>
