

Use these notes to help you fill in the Foreign pages of your tax return

These notes are for common types of foreign income including:

- interest from overseas savings
- dividends from foreign companies
- income from overseas pensions and property

Use the 'Foreign' pages if you want to claim Foreign Tax Credit Relief or Special Withholding Tax.

Don't use the 'Foreign' pages for:

- foreign income earned by your business or partnership – use the 'self employment' or 'partnership' pages instead
- capital gains from the disposal of overseas assets – use the 'capital gains summary' pages
- foreign employment income – use the 'employment' pages
- income for furnished holiday lettings in the European Economic Area – use the 'UK property' pages unless you are taxable on the remittance basis

i For more information on Furnished Holiday Lettings, go to www.hmrc.gov.uk/helpsheet473 and for the remittance basis go to www.hmrc.gov.uk/helpsheet464

Your name and Unique Taxpayer Reference

If you printed the 'Foreign pages' from our website, fill in your name and Unique Taxpayer Reference (UTR) in the boxes at the top of the form.

Your Name	Your Unique Taxpayer Reference (UTR)
<input type="text"/>	<input type="text" value="1357924680"/>

Example of completed name and UTR boxes

Unremittable income

If you claimed any income as unremittable in an earlier tax year and the restrictions preventing you from bringing that income to the UK stopped during 2014-15, you must convert that foreign income and tax into UK pounds using the exchange rate when the restriction ended.

This is foreign income that you could not bring to the UK because of exchange controls or a shortage of foreign currency in the overseas country. If you later bring this income into the UK, convert the income and foreign tax into UK pounds, using the exchange rate at the time of the remittance.

Box 1 If you were unable to transfer any of your overseas income to the UK, put 'X' in the box

If you put an 'X' in box 1, you must give details of the country where the income arose, the amount in foreign currency and any foreign tax you have paid in 'Any other information' on page TR 7 of your tax return.

Foreign Tax Credit Relief

If you have paid tax in another country on your overseas income you can claim Foreign Tax Credit Relief (FTCR) if:

- you are a UK resident
- the foreign income was properly charged under that country's law
- the amount of FTCR does not exceed UK tax on the same item of income or gains
- there is a Double Taxation Agreement (DTA) and foreign tax relief is restricted to the minimum foreign tax payable in the agreement

If no DTA exists, or the agreement does not cover that particular foreign tax, relief is only available if the tax matches UK Income Tax or Capital Gains Tax.

A DTA is an arrangement to avoid taxing the same item twice. If a DTA is in place, check how its terms apply to you. If the agreement does not give the other country or territory the right to tax the income, you cannot claim FTCR and must claim relief in the other country.

You cannot claim FTCR for taxed dividends from Antigua, Australia (franked dividends only), Belize, Cayman Islands, Cyprus, Gambia, Guernsey, Isle of Man, Jersey, Kiribati, Malaysia, Malta, Montserrat and Singapore.

Box 2 If you are calculating your tax, enter the total Foreign Tax Credit Relief on your income

You do not have to work out the FTCR yourself. We will do this for you if you complete other relevant boxes and send your tax return by the filing date. Only fill in box 2 if you want to calculate the FTCR yourself.

If you want to calculate FTCR, use Helpsheet 263, 'Calculating Foreign Tax Credit Relief on income' first. Put the total amount of relief in box 2.

i For more information, go to www.hmrc.gov.uk/helpsheet263

Income from overseas sources

If you put any amounts on page F 2 and page F 3, convert the income into UK pounds using the exchange rate at the time the income arose. If you are not sure, ask your tax adviser.

Put the full amount in the relevant boxes (even if you did not bring the income into the UK) and fill in the 'Total' boxes on page F 3.

If you do not have room for all your entries, attach a separate sheet for each type of income.

Column A

Use the list that follows to find the 3-letter code for the country where your income arose.

Put that code in column A. Use a separate row for each country.

Interest and other income from overseas savings						
J	E	Y	£			

Example of the country code for Jersey, column A

(Give details in 'Any other information' on page TR 7 of your tax return.)

Column B

In column B, put the total amount of income (in UK pounds) before taking off any foreign tax or Special Withholding Tax (SWT).

SWT is an amount of tax taken off certain payments to UK residents (in addition to foreign tax). It can be set against your UK tax liability or repaid to you if the amount exceeds your liability for that year.

You need to add the tax taken off to the amount received after deduction and put the total in column B (make sure that you put the SWT in column D).

If you have more than 1 source of the same income from a country, add the amounts together (unless taxed differently). For example, if you have 2 savings accounts in Monaco, add the amounts before putting the total in column B.

B Amount of income arising or received before any tax taken off									
From overseas savings									
£							1	2	0

Example of income arising or received, column B

The following countries may take SWT: Andorra, Austria, Curaçao, Gibraltar, Jersey, Liechtenstein, Luxembourg, Monaco, San Marino, Sint Maarten and Switzerland.

Column C

If you had any foreign tax taken off your income in column B, put the amount of tax (in UK pounds) in column C.

Column D

Put any SWT taken off your foreign income in column D. You must show your amount in UK pounds.

You should include details of any tax taken off foreign income or gains under the UK/Swiss Tax Cooperation Agreement in column D making clear in the 'Any other information' box, box 19 on page TR 7 of the tax return that this is tax under the UK/Switzerland Tax Cooperation Agreement to be treated as a payment on account.

The amount of income before tax taken off should be entered in column B and the country code CH in column A.

If you have had any UK Income Tax taken off this income, include it here and give further details in 'Any other information' on page TR 7 of your tax return.

Column E

If you are claiming Foreign Tax Credit Relief, put 'X' in this box.

Column F

If you are claiming Foreign Tax Credit Relief (FTCR), put the same amount as the amount in column B. If you are not claiming Foreign Tax Credit Relief, the figure will be the amount in column B, minus any amount in column C.

Interest and other income from overseas savings

In columns A to F include any:

- interest from foreign bank accounts, foreign company loans, stocks or from loans to individuals or organisations outside the UK
- interest from overseas unit trusts and other investment funds (use the details on your unit trust or fund voucher)
- income from a purchased life annuity
- 'reported income' from offshore funds – this is income accumulating in offshore funds that you have not yet received
- other overseas savings and accrued income securities

 For information on the Accrued Income Scheme, go to www.hmrc.gov.uk/helpsheet343

Box 3

Fill in columns A to F, add up the figures in column D and put the total in box 3.

Include any amounts shown on separate sheets that you attach to the 'Foreign' pages.

Box 4

Fill in columns A to F, add up the figures in column F and put the total in box 4. Include any amounts shown on separate sheets that you attach to the 'Foreign' pages.

If in 2014–15 you remitted to the UK foreign dividends taxed using the remittance basis in an earlier year, put this amount in box 4. You **must** tell us in 'Any other information' on page TR 7 of your tax return, the total amount of dividends included in box 4 and the amount that does not qualify for UK tax credit.

Dividends from foreign companies

In columns A to F put details of any:

- dividends from foreign companies (use the details on your dividend voucher)
- distributions (use their value at the date of distribution) from overseas sources, such as, company assets released to shareholders

Don't include:

- distributions from the liquidation of a foreign company
- distributions from a foreign company that return your capital interest or are in the form of its own stocks and shares
- stock dividends or bonus shares from a stock dividend issue made by a foreign company

There are specific rules about dividends from offshore funds. If the fund has more than 60% invested in interest bearing assets, any distribution that you receive, or that are reported to you, are treated as interest received. These sums will not qualify for the dividend tax credit and you need to put this under 'Interest and other income from overseas savings'.

If you are not sure whether your shares are in an offshore fund, ask your tax adviser.

If you are claiming a tax credit on a foreign dividend paid to you after 5 April 2008, use the Working Sheet below to work out the total amount (box D) that you need for column B on page F 2.

To claim the tax credit, copy the figure in box E to box 2 on page F 1 of the 'Foreign' pages.

Working Sheet for non-UK dividends qualifying for tax credit	
Amount actually received	A £ <input type="text"/>
Foreign tax taken off before receipt	B £ <input type="text"/>
Total - box A + box B	C £ <input type="text"/>
Box C x 10/90 Copy to column B on page F 2	D £ <input type="text"/>
Box D x 10% Add to amount in box 2	E £ <input type="text"/>

Box 5

Fill in columns A to F, add up the figures in column D and put the total in box 5. Include any amounts shown on separate sheets that you attach to the 'Foreign' pages.

Box 6

Fill in columns A to F, add up the figures in column F and put the total in box 6. Include any amounts shown on separate sheets that you attach to the 'Foreign' pages.

Dividend tax credits

UK residents who receive dividends from foreign companies are, in most cases, entitled to a tax credit equal to $\frac{1}{9}$ of the dividend. The same applies where the dividends are received by trustees but, if you are the settlor of the trust or you have a non-discretionary entitlement to the trust income, they are treated as your income.

To qualify for the $\frac{1}{9}$ tax credit, 1 of the following must apply to the company paying the dividend.

- It is not an offshore fund and you own less than 10% of the issued share capital, or any class of share, or
- It is an equity based offshore fund (however, you will not qualify if the offshore fund holds more than 60% interest bearing assets), or
- It must not be an offshore fund and must be resident for tax purposes in a territory with which the UK has a DTA that includes a 'non-discrimination' article (there is a list of these territories at pages FN 2 to FN 4) –

Don't include the following territories: Antigua and Barbuda, Belize, Brunei, Grenada, Guernsey, Isle of Man, Jersey, Kiribati, Malawi, Montserrat, St Kitts and Nevis, Sierra Leone, Solomon Islands and Tuvalu

The tax credit is not available if the dividend is:

- 1 of a series paid as part of a tax advantage scheme where any company within that series is not resident in a qualifying territory
- from 1 of the following excluded companies:
 - Barbados – companies established under the International Business Companies Act(s)
 - Cyprus – companies entitled to any special tax benefits under various Cyprus enactments
 - Jamaica – companies established under enactments relating to International Business Companies and International Finance Companies
 - Luxembourg – holding companies established under the Luxembourg 1929 and 1937 Acts
 - Malaysia – companies carrying on offshore business activity under the Labuan Offshore Business Activity Act 1990
 - Malta – companies entitled to special tax benefits under various enactments

Box 7 Amount included in box 6 that does not qualify for UK tax credit

Put any foreign dividend income from box 6 that does not qualify for UK dividend tax credit in box 7.

Overseas pensions, social security benefits and royalties, etc

Fill in columns A to F if you received a pension or social security benefits from overseas during 2014–15. You **must also** include any pensions or annuities (not purchased life annuities) paid in the UK for an overseas pension provider.

Don't include overseas pension schemes registered in the UK. These go in the 'UK pensions, annuities and other state benefits received' section on page TR 3 of your tax return.

If your foreign pension included payments from an earlier tax year, you can set those payments against the year that they belong to if the pension is taxed on the arising basis. If you are not sure if this is to your advantage, ask us or your tax adviser.

10% deduction

You can take 10% off the value of overseas pensions, annuities and social security pensions so that only 90% of the amount you receive is taxable in the UK.

If you have a pension that is not taxable in the UK because of a DTA, give full details of the pension payer, pension and the relevant DTA in 'Any other information' on page TR 7 of your tax return.

Exemption

Foreign pensions are usually exempt in full or part from UK tax.

These include:

- war widow's pensions and some pensions paid to other dependants of deceased forces and Merchant Navy personnel
- foreign pensions with an award for a work-related illness or injury at work – the award amount is not taxable

certain pensions and annuities payable under German or Austrian laws – if you started to receive this in 2014–15, attach a copy of the pension award ('Bescheid') to your tax return

If you are not sure whether your pension is exempt from UK tax, ask your tax adviser.

 For more information about pensions for war widows and dependants go to www.hmrc.gov.uk/helpsheet310

Claiming the 10% deduction or an exemption

- If you are claiming Foreign Tax Credit Relief – put in column F, the amount in column B, minus the 10% deduction or the exemption – remember to put an 'X' in column E
- If you are not claiming Foreign Tax Credit Relief – put in column F the amount in column B, minus the 10% deduction or the exemption, and less any amount in column C

Social security benefits

Don't include foreign benefits that match the following UK benefits:

- Incapacity Benefit paid in the first 28 weeks of your incapacity or if you have been getting it for the same illness since before 13 April 1995
- Attendance Allowance
- Disability Living Allowance or Severe Disablement Allowance
- Maternity Allowance
- Guardian's Allowance
- Child Benefit
- Universal Credit

Include all other foreign benefits. If you are not sure what to include, ask us or your tax adviser.

Box 8

Fill in columns A to F, add up the figures in column D and put the total in box 8.

Include any amounts shown on separate sheets that you attach to the 'Foreign' pages.

Box 9

Fill in columns A to F, add up the figures in column F and put the total in box 9. Include any amounts shown on separate sheets that you attach to the 'Foreign' pages.

Dividends and all other income received by a person abroad

Boxes 10 to 13

You may need to fill in boxes 10 to 13 if you transferred or have taken part in the transfer of assets so that a person abroad received income.

Put all items chargeable as income under the transfer of assets provisions in this section.

Helpsheet 262, 'Income and benefits from transfers of assets abroad and income from non-resident trusts' has more details.

 For more information, go to www.hmrc.gov.uk/helpsheet262

Income from land and property abroad

From 6 April 2014 to 5 April 2015, you are taxable on the full amount of your overseas rental income, even if you do not bring that income to the UK, unless you claim the remittance basis of taxation.

Fill in boxes 14 to 24, columns A to F, and boxes 25 to 32, if you have any of the following:

- only 1 overseas let property
- more than 1 property but they are in the same country, and all the income is remittable
- more than 1 property and no foreign tax is taken off any of the income and all the income is remittable

If you have more than 1 overseas let property, your properties are in different countries and you have paid foreign tax on that rental income, photocopy pages F 4 and F 5 and fill in the boxes for each property.

Furnished holiday lettings in the European Economic Area (EEA)

Only fill in page F 4 and page F 5 if you pay tax on the remittance basis. You need to show all amounts of income from land and property abroad remitted to the UK. If you want to claim Foreign Tax Credit Relief, fill in the 'Foreign tax paid on employment, self-employment and other income' section on page F 6.

Don't include income from the commercial letting of furnished holiday property in the EEA calculated on the arising basis. This goes in the 'UK property' pages.

i For more information about furnished holiday lettings, go to www.hmrc.gov.uk/helpsheet253
For more information about the remittance basis, go to www.hmrc.gov.uk/helpsheet264

Income and expenses

Box 14 Total rents and other receipts (excluding taxable premiums for the grant of a lease)

Put the total amount of any rents, or other receipts, you receive from any rights or interests held in land or property abroad, in box 14.

Don't include any chargeable premiums here. These go in box 16.

Box 16 Premiums paid for the grant of a lease

If you have been paid premiums for the grant of a lease for possession of a property, put the amount received in box 16. Before you fill in this box, you may need to fill in the Working Sheet for premiums for the grant of a lease, in the 'UK property' notes.

i For more information, go to www.hmrc.gov.uk/sa105-notes

Box 17 Property expenses (rent, repairs, legal fees, cost of services provided)

You can claim expenses such as:

- rents, rates, insurance and ground rents
- property repairs and maintenance
- legal, management, professional fees, interest and other finance charges
- costs of services provided including wages
- other property expenses

You cannot deduct expenses:

- incurred in connection with the first letting or enabling of a property, such as the cost of letting on a lease, agents' and surveyors' fees and commission
- for costs of agreeing and paying a premium on renewal of a lease
- for fees for planning permission or registration of title on a property purchase
- for renewals - the renewals allowance for the cost of replacing furniture or furnishings is no longer available

Don't include the cost of buying or selling, improving or altering, land or property, equipment, furnishings or furniture. These are capital allowances and go in box 21.

Calculating profits and losses for tax purposes

Box 19 Private use adjustment

If you put any amounts in box 17 that were not solely for the property business, put the private (non-business) proportion in box 19. For example, if you include the cost of insuring the property for a year in box 17, and you only let it for 8 months, put the 4 months non-business cost in box 19.

Box 20 Balancing charges

You may need to make an adjustment, called a balancing charge, if you sell, give away or stop using an item in your business that you claimed a capital allowance on. Put this amount in box 20.

Box 21 Capital allowances for equipment and vehicles

You cannot deduct the cost of buying, altering, building, installing or improving 'fixed' assets such as property, equipment or machinery. Nor can you claim depreciation or losses when such assets are disposed of. Instead, you can claim capital allowances, which reduce your profits (or increase a loss).

Expenditure incurred on the provision of, or the special leasing of, plant or machinery for use in a dwelling house is not qualifying expenditure for capital allowances for an ordinary property business or an overseas property business.

i For more information on capital allowances, go to www.gov.uk/capital-allowances

Box 22 Landlord's energy saving allowance

If you have overseas let property, you can claim for installing:

- loft, floor, cavity wall or solid wall insulation
- draught proofing and insulation for hot water systems

The maximum total amount allowed is £1,500 for each let property. If you own the let property with others, **only include your share** of the £1,500.

Box 23 10% wear and tear allowance

If you let any furnished property, you cannot claim capital allowances on any machines, furniture or furnishings supplied, or on any fixtures that are part of the building.

Instead, you may elect for a 10% wear and tear allowance by making an entry in box 23.

Box 24 Adjusted profit or loss for the year

Add boxes 18, 19 and 20 together. Then take off boxes 21, 22 and 23 and put the total in box 24.

24	Adjusted profit or loss for the year (box 18 + box 19 + box 20 minus (boxes 21 to 23))
£	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>

Example of adjusted profit, box 24

If this is a negative amount (a loss), put a minus sign in the shaded box in front of your figure.

Summary

Fill in this section if you receive any income from land and property abroad. You don't need to do this if you have claimed the remittance basis and have made no remittance in the year.

i For more information about the remittance basis, go to www.hmrc.gov.uk/helpsheet264

If you have only filled in 1 set of boxes 14 to 24, copy the figure from box 24 to box 25 and fill in columns A to F.

If you have photocopied pages F 4 and F 5, because you had more than 1 overseas let property, you need to add together the profit and losses for all your let properties to work out the overall total.

If you are claiming Foreign Tax Credit Relief, you need to keep separate calculations of profit and loss to work out the amount of UK tax for each property.

Losses

Only fill in boxes 26, 27, 31 and 32 if you pay tax on the arising basis.

If you are claiming Foreign Tax Credit Relief and there are losses available, you need to take off the losses in the order that most benefits your claim.

Column A

Use the list on pages FN 2 to FN 4 of these notes to find the 3-letter code for the country where your land or property income arose.

If you have properties in more than 1 country but you are only filling in 1 set of boxes 14 to 24, put the country code of the first property in column A and the codes for the others in 'Any other information' on page TR 7 of your tax return.

Column B

Put the profit or loss amount from your let property in column B.

Column C

Put the amount of any foreign tax paid on your let income in column C.

Column D

Put the amount of UK tax taken off in column D.

Column E

If you are claiming Foreign Tax Credit Relief (FTCR), put 'X' in the box.

Column F

If you are claiming FTCR, and there is a profit figure in column B, put that figure in column F. If you are not claiming FTCR, the figure will be the amount in column B, minus any amount in column C.

If you are claiming FTCR and have profits and losses from more than 1 foreign property, take off the losses from your profits in the order that most benefits your FTCR claim. Then put the profits from each property in column F.

If there is a loss from 1 foreign property, or losses from any property, **don't** fill in the column F boxes.

Box 26 Total loss brought forward from earlier years

If you have any unused losses from earlier years (box 32 on your 2013–14 'Foreign' pages), put that figure in box 26. You can use this to reduce your overall profit or add to your overall loss.

Box 27 Total taxable profits

If the figure in box 25 is a profit, take off any unused losses in box 26 that you want to use against your profit (up to the amount in box 25) and put the total here.

If the figure in box 25 is negative (a loss), leave box 27 blank.

Boxes 28 and 29

Fill in columns A to F, add up the figures in:

- column C and put the total foreign tax figure in box 28
- column D and put the total UK tax in box 29

Include any amounts shown on separate sheets that you attach to the 'Foreign' pages.

Box 30 Total taxable amount

Add up the figures in column F, including any shown on a separate sheet, and take off any losses in box 26 that you want to set off against the total amount. Put this figure in box 30 (enter '0' if it is a minus figure).

Box 31 Loss set off against total income

In some cases, you can set off losses against your total 2014–15 income if the loss arises because of your claim to capital allowances. Any loss to be set off **must be**:

- the lower of any capital allowance in box 21, after deducting any balancing charges in box 20, or the figure in box 24, or
- the greater of £50,000 or 25% of your adjusted total income

If you don't use all your losses for 2014–15, you can carry the balance forward by filling in box 32. The time limit for claiming is 31 January 2017.

 For more information on the limit on Income Tax reliefs, go to www.hmrc.gov.uk/helpsheet204

Box 32 Total loss to carry forward to the following year

If you made a net profit, there is a positive amount in box 25. Put in box 32, the total loss brought forward from box 26.

If you have made a net loss, there is a minus figure in box 25. Put in box 32, the total loss in box 25, plus any losses brought forward from earlier years (box 26), minus any amount set off against total income (box 31). The time limit for claiming this is 5 April 2019.

You will need the figure in box 32 to fill in the 'Foreign' pages on next year's tax return.

Foreign tax paid on employment, self-employment and other income

Fill in this section if you are claiming Foreign Tax Credit Relief on income or gains that you have put elsewhere on your tax return, including income from furnished holiday lettings in an EEA country.

If you paid foreign tax on your employment income, you **must** fill in the 'Employment' page. For example, if you work for a British company abroad.

If you have income from membership of Lloyd's, you will need Helpsheet 240, 'Lloyd's underwriters' to help you fill in this part of the 'Foreign' pages.

i For more information, go to www.hmrc.gov.uk/helpsheet240

Column A

Use the list on pages FN 2 to FN 4 of these notes to find the 3-letter code for the country where your foreign income had tax taken off.

Put that code in column A. Use a separate row for each country.

Column C

If you had any foreign tax taken off your income, put the amount of tax (in UK pounds) in column C.

Column F

Put the gross amount of foreign income (before tax taken off) which you have shown elsewhere (for example, on the 'Employment' page) in column F. You will need to give us the details in 'Any other information' on page TR 7 of your tax return.

If you have a business in the UK and the gross receipts include income that you have paid foreign tax on, you need to work out the amount of profit that came from the overseas receipts. If the income is from the overseas branch of a UK business, put the gross profits earned by the branch in column F.

In some cases, if your business basis period for 2014–15 overlaps with your basis period for 2013–14, you may be able to claim FTCL.

i For more information about overlap go to www.hmrc.gov.uk/helpsheet260

Capital gains – Foreign Tax Credit Relief and Special Withholding Tax

Boxes 33 to 40

If you have paid tax in a foreign country on a gain and you want to claim Foreign Tax Credit Relief (FTCL), fill in box 33 and boxes 37 to 40 (in UK pounds) as appropriate. **Don't** fill in boxes 34 to 36.

If you have more than 1 gain, show this information on a separate sheet. Include in boxes 33, 37, 39 and 40, any amount you put on the separate sheet.

If you want to claim FTCL, put 'X' in box 38. You do not have to work out the FTCL yourself. If you want to work it out, use Helpsheet 261, 'Foreign Tax Credit Relief: capital gains' to help you. Put the amount you are claiming in box 39.

If the proceeds of a sale chargeable to Capital Gains Tax had Special Withholding Tax (SWT) taken off, put the SWT amount in box 40.

i For more information, go to www.hmrc.gov.uk/helpsheet261

Other overseas income and gains

Box 41 Gains on disposals of holdings in offshore funds (excluding the amounts entered in box 13) and discretionary income from non-resident trusts

The rules for the disposal of an interest in an offshore fund can be complex. Ask your tax adviser or read the guidance in our Offshore Funds Guide Manual and Savings and Investment Manual if you need to fill in box 41.

If you received income from a non-resident trust, use Helpsheet 262, 'Income and benefits from transfers of assets abroad and income from non-resident trusts' to help you fill in this box.

i For more information in the Offshore Funds Guide Manual and the Savings and Investment Manual, go to www.hmrc.gov.uk/manualsa-z

Box 42 If you have received a benefit from a person abroad, enter the value or payment received

If this applies, you need Helpsheet 262, 'Income and benefits from transfers of assets abroad and income from non-resident trusts' to help you fill in this box.

 For more information, go to www.hmrc.gov.uk/helpsheet262

Boxes 43 to 45 Gains on foreign life insurance policies, life annuities and capital redemption policies

Use the details on your 'chargeable event certificate' to help you fill in boxes 43 to 45. **Don't** include any amount you have already put in box 13.

If you have more than 1 certificate for the same gain, use the amended benefits figures or chargeable event gain on the later certificate.

If you made gains from more than 1 identical policy, add them together. If you made gains from non-identical policies, give full details in 'Any other information' on page TR 7 of your tax return.

You will need Helpsheet 321 'Gains on foreign life insurance policies' to help you fill in boxes 43 to 45 if you:

- did not receive a certificate from your insurer
- own the policy jointly with someone else (only include your share of the gain)
- have a 'cluster' of policies with the same insurer and 1 or more has specific terms
- have been a non-UK resident during the period you have been a beneficial owner of the policy
- paid more than £100,000 a year into the policy or policies and you received a rebate of commission or you reinvested commission in the policy as an additional premium

 For more information, go to www.hmrc.gov.uk/helpsheet321

Box 46 If you have omitted income from boxes 11,13 and 42 because you are claiming an exemption in relation to a transfer of assets, enter the total amount omitted

Boxes 10 to 13 and box 42 do not apply as long as the purpose of the transfer and any associated operations was not to avoid tax. For transactions occurring on or after 6 April 2012, any income attributable to genuine transactions is exempt, where any liability imposed would constitute a restriction on the EU Treaty freedoms (for example, freedom of establishment or freedom of movement of capital).

An exemption is only due, if actual income would otherwise be chargeable.

If you omit income for this reason from box 11, boxes 13 and 42, you must put the total amount of income you left out in box 46.

You must give details of the assets transferred, and any associated operations, the person abroad concerned, the circumstances of the relevant transaction and the basis of your claim in 'Any other information' on page TR 7 of your tax return or on a separate sheet.

 For more information about income and benefits from transfers of assets abroad, and income from non-resident trusts, go to www.hmrc.gov.uk/helpsheet262

More help if you need it

If are unable to go online:

- phone the Self Assessment Orderline on 0300 200 3610 for paper copies of the helpsheets and forms
- phone the Self Assessment Helpline on 0300 200 3310 for help with your tax return
