

Information Released under Freedom of Information Act

Subject: Request for details of Companies House gas, water and electricity contracts

Date Released: 28 April 2016

Summary of request: The enquirer requested details of Companies House gas, water and electricity contracts

Information Released

Your request is for the Gas, Electric and Water contract information held by Companies House. Please note that Companies House is a multi- site authority which has offices in Cardiff, Edinburgh and Northern Ireland.

I have attached a spreadsheet providing the answers to your questions.

I have not included the full name, internal contact and direct email address of the Responsible Officer as this is personal information which is exempt under s40(2) of the FOIA, since disclosure would be unfair and would therefore breach the first Data Protection Principle. However, I have included the job title and our generic email address.
