The Free Company Data Product is a downloadable data snapshot containing basic company data of live companies on the register.

The United Kingdom Standard Industrial Classification of Economic Activities (SIC) is used to classify business establishments and other standard units by the type of economic activity in which they are engaged, in this instance the relevant SIC codes of the companies you require are 79110 and 79120. By searching the Company Data Product for these SIC codes you will be able to retrieve companies whose activities are Travel Agents or Tour Operators.

You can also retrieve the information you require via our DVD Directory product. This contains basic company details on all live companies registered in the UK, along with companies that have become dissolved in the last month. The DVD has a built in search facility that allows up to 6 combinations of searches on:

- company name
- company number
- registered office address lines
- postcode
- date of incorporation or range of dates
- SIC code(s) or description
- company type
- company status
- accounts type

The directory is produced monthly and a one off copy costs £30. The following link provides more information:
