

## **Freedom of Information request 1686/2013**

**Received 08 April**

**Published**

### **Information request**

*The link below refers to an article in the Scottish Daily record. This gives the figures of people moved from Incapacity Benefit (or the Scottish equivalent). It shows what percentage found work, went on ESA or Job-seekers allowance, or were left without income. Can you provide these figures for England please. I had originally requested this from my MP so please keep him informed of the results of this inquiry.*

### **DWP response**

This information is not available. The survey mentioned in the Daily Record article covers ESA new claims not IB reassessment. National breakdowns for IB reassessment are not available.
