Freedom of Information Act 2000 Request

You asked for the following information from the Government Legal Department ("the Department"):

I am actively tracing the families of both the late Stephen Dennis Clarke and the late Charles Maddox Hussain.

I have noticed that these 2 estates have recently been removed from the Unclaimed Estates List yet there are no entries on the Government's Probate list.

Could you please advise me of the current state of these two estates?

Your request will be dealt with by the Bona Vacantia Division ("the Division") under the Freedom of Information Act 2000.

The Division holds all the information that you have requested.

The Division has admitted the claims of blood relatives, on both estates, who are entitled to, or to share in, the estates in priority to the Crown.

I have withheld the names of the entitled relatives from the files as they are exempt from disclosure under section 40(2) of the Act. The information is exempt from disclosure because it constitutes the personal data of a living individual as defined in section 1(1) of the Data Protection Act 1998 and disclosure of the information would be in breach of the data protection principles set out in Schedule 1 of that Act. In particular, disclosure of the information would contravene the first data protection principle, which requires that personal data be processed fairly and lawfully.

I have also withheld this information as it is exempt from disclosure under section 41 of the Act as the Division considers that the information was received in confidence, and that to reveal the information would constitute an actionable breach of the duty of confidence

In considering whether disclosure would be an actionable breach of confidence the Division has considered whether there is a public interest in disclosing the information that would outweigh the public interest in keeping the information confidential.

There is a strong public interest in keeping confidential information that has been disclosed in confidence, and in this case there is no specific reason in favour of disclosure of the information. Disclosure would not protect public safety, nor would it expose wrongdoing such as misfeasance, maladministration, negligence or other iniquity on the part of the Division. In this case the Division considers that the public interest in keeping the information confidential outweighs the public interest in disclosing it
