# Qualification Achievement Rates (QAR) 2014 to 2015

The Skills Funding Agency is developing a dashboard to share 2014 to 2015 QAR information with providers. This interactive dashboard will be far more flexible than the suite of QAR reports made available in previous years.

You can see a 12 minute demonstration of the prototype QAR dashboard on [YouTube](#).

Please give us your feedback on the prototype by completing our [survey](#).
