Dear Patrick,

Request for more time to determine your application

Application reference: EPR/ZP3493SQ/V005

Applicant: Magnox Limited

Facility: Bradwell Site

We require more time to determine your application because we are still in the process of determining parallel applications from Magnox Limited to vary the water discharge permits (EPR/DP3217XB and EPR/ PR2TSE10760) at Bradwell Site. In addition, we are planning to consult on our draft decisions on these applications and need to allow an appropriate length of time to consider any representations that we receive.

As a result of this we propose that the determination of the above application should now take place by 3 January 2017.

If you agree to this proposal we should be grateful if you would sign and date the form overleaf as soon as possible. If you are not able to agree to this proposal please contact me.

Yours sincerely
