Our Reference:FOI2016/05504

Dear [Redacted]

Your correspondence dated 25th May 2016 has been considered to be a request for information in accordance with the Freedom of Information Act 2000. You requested the following information:

I am a mature student undertaking a degree in Management. As part of my studies I am researching companies bidding into central and local government contracts and their comparison in relation to the average scores across the European Union, European Economic Area, and the Government Procurement Agreement.

I write to you in relation to a contract you awarded.

Contract title: Contract Award - Supply, Servicing, Repair and Procurement of Mobile Hot Pressure Washers

Award notice: <https://www.contractsfinder.service.gov.uk/Notice/32d64fb5-76b8-4008-9dc7-729a22c6e4e2>

Publication date of the award: 24/03/2016

Information Requested

In accordance with s.1 of the Act, which provides a general right of access to information held by public authorities, I wish to receive the following information:

- A copy of the list of bidders at PQQ and/or tender stage (company names) and the tender stage scorecard for all bidders (including winner)*

I request that any personal data relating to individuals is removed before this information is sent. Should the scorecards be unavailable I would request that the list of PQQ applicants only be submitted.

I am treating your correspondence as a request for information under the Freedom of Information Act 2000 (FOIA).

A search for the information has now been completed within the Ministry of Defence, and I can confirm that all the information in scope of your request is held.

The information you have requested can be found at annex A, but some of the information falls entirely within the scope of the qualified exemption provided for at section 43 (Commercial Guidance) of the FOIA and has been redacted.

Section 43(2) is subject to public interest testing which means that the information requested can only be withheld if the public interest in doing so outweighs the public interest in disclosure.

Section 43(2) considers information which if released is likely to prejudice the commercial interests of any person. A person may be an individual, a company, the MOD, or any other legal entity. The outcome of the balance of the public interest test concluded that whilst release would promote openness, transparency and a further understanding of government processes in decision making. It has been necessary to weigh the factors favouring disclosure against the high probability that disclosing the information could prejudice future competitions. Accordingly, the Public Interest Test concluded that the release of this information would prejudice the commercial interests of the MOD and its contractors and that the balance of the arguments lay in favour of withholding the information to protect the commercial interests of the MOD and its contractors.

If you are not satisfied with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Information Rights Compliance team, 2nd Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain dissatisfied following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the MOD internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.ico.org.uk>.

Yours sincerely,

DES SEC Sec Land Equipment & ISTAR

Contract Award - Supply, Servicing, Repair and Procurement of Mobile Hot Pressure Washers – OIP/0033 Details

Tenders submitted at bidding stage:

1. React Northern (T/A Mac International) – Awarded contract.
2. WNV Systems.
3. Fenco Group – Not scored.
