Unfortunately, I have been informed that Companies House does not routinely collate the information you have requested.

We have recognised that customers will require information from the public register and that like your request, extracting the information will be a fairly complex and lengthy process and therefore offers a bespoke service as part of our product and services. Our IT department may be able to write a programme to interrogate our systems to extract this information but a fee would be payable as it would be classed as a bespoke product.

I must refuse to provide the information requested as under section 21 of the Freedom of Information Act 2000 any information that is reasonably accessible to the applicant, albeit on payment of a fee, is exempt information under the Act.

I have inserted a link to our price list where you can find details about the bespoke product and the email address to contact should you wish to make such a request.
