The Environmental Permitting (England & Wales) Regulations 2010

FCC Recycling (UK) Limited

Bowling Back Lane Resource Recovery Facility
Bowling Back Lane
Bradford
West Yorkshire
BD4 8SZ

Surrender application number

EPR/JP3038CF/S002

Permit number

EPR/JP3038CF

Bowling Back Lane Resource Recovery Facility

Permit number EPR/JP3038CF

Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the surrender in part of an environmental permit.

An application was made by FCC Recycling (UK) Limited to part surrender the installation part of permit EPR/JP3038CF. The installation part of the permit, which was for the recovery of energy from waste (EfW), was a private finance initiative (PFI) for Bradford and Calderdale Councils. Shortly after the permit was issued by the Environment Agency in 2013 the PFI finance for the project was withdrawn and no construction works for the EfW site was ever started.

This permit is for a **Standard Rules Permit set for a household, commercial and industrial waste transfer station under which a maximum of 75,000 tonnes per year of dry recyclables can be accepted. This is a separate waste operation within the regulated facility and is not part of the Installation that has been surrendered.**

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit
