

Skills Funding Agency

Distribution of 2014 to 2015 non-apprenticeship adult skills budget (ASB) delivery

Fields description document

Purpose

This data is being provided for information purposes only. It is intended to support colleges and training organisations (providers) and local government authorities in future commissioning discussions about the adult education budget (AEB), helping them to establish a shared understanding of the current pattern of delivery. This will be particularly important for those providers working with areas that have a skills devolution agreement or a skills incentive pilot

Provider funding statements for the 2016 to 2017 year include a geographic delivery map using the same 2014 to 2015 data that is published here.

In the covering letter to 2016 to 2017 funding statements, we were clear that our allocations methodology will change in future years to support the devolution of funding to local areas. The publication of this data does not presuppose what that methodology will look like or how funding will be distributed. Further information will be issued on this in due course.

UKPRN

The UK Register of Learning Providers (UKRLP) is a 'one-stop' portal for government departments, agencies, learners and employers to share key information about learning providers. The UKRLP allows providers to update their information in one place and share this across agencies such as the SFA, the Higher Education Funding Council for England and UCAS.

We use the UK Provider Register Number (UKPRN), which is verified by UKRLP as part of our due diligence processes ahead of contracting with a provider. Each learning provider has a unique UKPRN, which they must use to submit data to us through the Individualised Learner Record.

You can find further information about the UKPRN from the UKRLP [website](#).

Provider Name

The provider name is the name of the legal entity with whom we will enter into a contract. The provider name is verified by us using Companies House, UKRLP and audited accounts information provided by the provider.

You can find further information on the Companies House [website](#). You can also find further information on the UKRLP [website](#).

Provider Home Local Authority (LA)

The home local authority is based on the postcode of the provider's main correspondence address as supplied to us and verified with UKRLP. Providers whose main correspondence address is outside England have not been allocated a local authority area.

Provider Home Region

The home region is based on the postcode of the provider's main correspondence address as supplied to us and verified with UKRLP. Providers whose main correspondence address is outside England have not been allocated a region.

More information on how regions have been defined is set out on the Office for National Statistics [website](#).

2014 to 2015 non-apprenticeship ASB delivery within home LA (%)

This is the percentage of the provider's non-apprenticeship ASB delivery to learners within its home local authority based on learners' postcodes. It relates to the 2014 to 2015 funding year. Earnings adjustment statement (EAS) funding is not included.

2014 to 2015 non-apprenticeship ASB delivery within home region (%)

This is the percentage of the provider's non-apprenticeship ASB delivery to learners within its home region based on learners' postcodes. It relates to the 2014 to 2015 funding year. Earnings adjustment statement (EAS) funding is not included.
