

Thank you for your email of 14<sup>th</sup> October 2015 requesting the following information:

I am requesting information related to MOD spending on the SA80 assault rifle or equivalent rifle. I wish to know how many are annually manufactured/used. The breakdown of the costs for its life-cycle (from conceptual stage to the disposal stage, including spending on maintenance and usage). Also, if you could provide me with a component list for the rifle, I would be grateful.

I am treating your correspondence as a request for information under the Freedom of Information Act 2000 (FOIA).

A search for the information has now been completed within the Ministry of Defence (MOD), and I can confirm that information in scope of your request is held.

The responses to your questions are as follows:

Q. How many are annually manufactured/used?

A. The MOD do not currently manufacture complete SA-80 weapon systems. Approximately 1792 are repaired annually. Usage data is not collected.

Q. The breakdown of the costs for its life-cycle (from conceptual stage to the disposal stage, including spending on maintenance and usage).

A. The SA-80 family of weapons was developed and manufactured by the Royal Ordnance Factories for the MOD from the late 1970s into the 1980s. Full cost information of that development is no longer kept by the MOD. From an accounting perspective, the value of the SA-80 family of weapons currently held by the MOD is £193.8M. It is currently forecast that the repair and maintenance of the SA-80 family over the next ten years will cost £94M. The current out of service date is 2030. Usage data is not collected. All figures are inclusive of VAT.

Q. If you could provide me with a component list for the rifle.

A. A component list can be found at Annex A.

If you are not satisfied with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not

## Defence Equipment & Support

possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Information Rights Compliance team, 1<sup>st</sup> Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail <u>CIO-FOI-IR@mod.uk</u>). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain dissatisfied following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the MOD internal review process has been completed. Further details of the role and powers of the Information Commissioner's website, <u>http://www.ico.org.uk.</u>

Yours sincerely,

DE&S Secretariat (Land Equipment & ISTAR)
