

Solar Nigeria Programme

"I write with reference to the project to light up schools in Lagos Nigeria, which DiFID undertook in conjunction with LSEB. I commend the project.

I write to try to find out how successful it was (is) # how much power has been produced monthly and annually? # what are the ongoing maintenance plans for the facilities?"

We have handled your request under the terms of the Environmental Information Regulations (EIR) 2004.

The first Annual Review of the Solar Nigeria Programme which includes comments on the success of the project and maintenance plans is available [here](#) on the GOV.UK website.

DFID does not hold information relating to the amount of power produced.
