

Project Name	County	Bid £ amount	Project Type	Project's own pen picture
NORTH WEST		£388,160		
Restoration of Fairhaven Lake and Gardens, Lytham St Anne's	Lancashire	£18,000	Gardens	Historic Fairhaven Lake and Gardens is the jewel in Lancashire's coastline, but needs restoration and improvement. Anticipated improvements at the 10-hectare marine lake and gardens include restoration of buildings; improved sailing/sports facilities; lake and landscape restoration including the nationally significant Japanese Garden.
Lytham Hall	Lancashire	£47,000	Hall	Restoring the exterior of Lytham Hall (Building at Risk), one of the finest Georgian houses in Lancashire and the only Grade I in Fylde; a hidden gem on the Fylde Coast set within 78 acres of historic parkland.
Restoration of the Marine Hall Dome, Fleetwood	Lancashire	£50,000	Hall	Repairing, protecting and revealing more fully the Marine Hall Dome and improving the interior lighting. The Dome is a unique feature of an 1930s art deco building within a conservation area.
Blackpool Winter Gardens Pavilion Theatre	Lancashire	£50,000	Theatre	The Coastal Revival Fund project will provide match funding towards a £230,000 scheme to carry out emergency stabilisation and repair works to the walls of the Pavilion Theatre within the Grade II* Winter Gardens building.
Fylde Heritage Transport	Lancashire	£12,000	Station	The Fylde Coast Heritage Transport Visitor Attraction feasibility study will kick-start the establishment of a unique interactive celebration of Lancashire's transport heritage, bringing together many previously unseen collections centred on the revival of Blackpool's historic Tram Depot at Rigby Road which is potentially at risk.

Brighten New Brighton: Perch Rock Lighthouse	Merseyside	£6,160	Lighthouse	'Brighten New Brighton' will revive the promenade by re-lighting Perch Rock Lighthouse, which welcomes international vessels into the River Mersey, and bring back to life part of New Brighton's heritage for the benefit of the local community, businesses and visitors.
Lord Street Square, Southport	Merseyside	£45,000	Square	The aim of the project is to unlock the economic and civic potential of Lord Street that would act as a catalyst to substantial investment into the coastal town of Southport. At the same time the project will help preserve and enhance the Lord Street Conservation Area by providing creative solutions that will ultimately help Lord Street Conservation Area not be at risk, as it is currently.
The Watch House Living History, Whitehaven	Cumbria	£23,500	Waterfront	The project would see the Watch House on the Harbour's Old Quay form part of a living history project, telling the stories of the building's previous occupants since its construction in 1764.
Old New Quay Redevelopment, Whitehaven Harbour	Cumbria	£36,500	Waterfront	The Old New Quay Development will see the regeneration of the historic 18th Century quay to provide a community asset. The first stage will establish the historic value of individual buildings and establish a viable, feasible and deliverable development.
Coastal Frontiers: Maryport's Fort and Port	Cumbria	£50,000	Military defence	Camp Farm is where the international Frontiers of the Roman Empire World Heritage Site begins with a fort and a port. This project will open it up to the public as our journey begins to bring it to life.
Grange Lido Renaissance, Grange over Sands	Cumbria	£50,000	Lido	To produce the work towards a business case to restore and redevelop the derelict 1930s Art Deco saltwater Lido site in Grange over Sands into a sustainable and economically viable community asset

				for future generations.
