

02 February 2016

Update of the online Health Profiles

Users of PHE's local authority Health Profiles have asked for the data to be as up to date as possible. Therefore the indicators in the online Health Profiles (<http://fingertips.phe.org.uk/profile/health-profiles>) are now being updated quarterly at the same time as the Public Health Outcomes Framework (PHOF) indicators. This will improve the timeliness of the Health Profiles indicators, and will also increase their consistency with PHOF and other PHE products.

Indicators updated in the online Health Profiles on 2nd February 2016 are as follows:

- Deprivation
- Children in poverty (under 16s)
- Statutory homelessness
- Obese children (Year 6)
- Hospital stays for self-harm
- Recorded diabetes
- Hip fractures in people aged 65 and over
- Excess winter deaths (three year)
- Life expectancy at birth (male)
- Life expectancy at birth (female)
- Smoking related deaths

See Table 1 for further details on the indicators being updated.

If you have any questions about the Health Profiles please contact healthprofiles@phe.gov.uk.

Table 1
Data to be included in 02 February online Health Profiles update

Data for the indicators listed below will be added to the Health Profiles data tool as part of the November update - see <http://fingertips.phe.org.uk/profile/health-profiles>.

All indicators are provided for both tiers of Local Authorities unless otherwise stated.

Health Profiles indicator number	Health Profiles indicator name	Time period added	Updated specifically for HP?	Already in public domain in exact format?
1	Deprivation	2014	Yes	No, produced by PHE
2	Children in poverty (under 16s)	2013	Updated data, also published in PHOF	Yes, published by HMRC
3	Statutory homelessness	2014/15	Updated data, also published in PHOF	Yes, published by DCLG
9	Obese children (Year 6)	2014/15	Updated data with a revised definition*, also published in NCMP	Yes, published by HSCIC
17	Hospital stays for self-harm	2014/15	Yes‡	No, produced by PHE
20	Recorded diabetes	2014/15	Updated data, also published in PHOF	No, produced by PHE
23	Hip fractures in people aged 65 and over	2014/15	Updated data‡, also published in PHOF	Yes, published by PHE
24	Excess winter deaths (three year)	Aug 2011 – Jul 2014	Updated data, also published in PHOF	No, produced by PHE
25	Life expectancy at birth (male)	2012-14	Updated data, also published in PHOF	Yes, published by ONS
26	Life expectancy at birth (female)	2012-14	Updated data, also published in PHOF	Yes, published by ONS
28	Smoking related deaths	2012-14	Updated data, also published in Local Tobacco Control Profiles	No, produced by PHE

* The indicator definition has been revised (using pupil residence rather than school location) to bring the indicator in line with other PHE products

‡ Back series data for this indicator has been corrected in the tool due to some emergency admission codes being omitted from the previous indicator data
