EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations ("the 2015 Regulations"), which come into force on 1 January 2016, replace the Charities (Annual Return) (Common Investment Funds) Regulations 2014 ("the 2014 Regulations") in relation to the annual returns of charities which are common investment schemes made, or having effect as if made under s96 Charities Act 2011. The 2015 Regulations apply to trustees managing a charity authorised investment fund for financial years ending on or after 1 January 2016.

Section 169(1) of the Charities Act 2011 (c.25.) (the 2011 Act) provides that every registered charity shall prepare, in respect of each of its financial years in which its gross annual income exceeds £10,000, a return of information for the Commission. Section 169(4) of the 2011 Act provides that the Commission may dispense with the requirement to prepare an annual return in the case of a particular charity or a particular class of charities, or in the case of a particular financial year of a charity or of any class of charities.

Section 347(3)(a) of the 2011 Act provides that the Commission may make different provision for different cases. Section 26(3) of the Welsh Language Act 1993 (c.38) provides that a power to specify the form of the document or the form of the words used shall include the power to prescribe separate forms of the document and of the words in Welsh.

The 2015 Regulations prescribe the form and content of the annual return for common investment schemes made, or having effect as if made, under section 96 of the 2011 Act and charity authorised investment funds and the information which the annual return should contain. The information required and the declaration must be provided as prescribed in respect of any financial year of a common investment scheme or charity authorised investment fund which ends on or after 1 January 2016. The prescribed form reflects the changes in regulatory requirements affecting such schemes introduced by the Alternative Investment Fund Managers Directive and measures to implement this in the U.K.

These Regulations merely deal with the regulatory requirements imposed on common investment schemes and on charity authorised investment funds pursuant to charity law and in particular the Charities Act 2011 and are separate from and additional to any other compliance and regulatory requirements which may be imposed on such schemes or funds by the Financial Conduct Authority or any other applicable regulatory bodies e.g. pursuant to the AIFMD implementing measures.

Common investment funds (other than pooling scheme funds) and charity authorised investment funds are required to complete an annual return under these Regulations. Common deposit funds are given a dispensation from the requirement to complete an annual return.
