

# Publication of historic FTC data sets for 2011/12 and 2010/11 (including 2009/10 comparative)

## September 2015

### Background to publication of data

The National Information Infrastructure project aims to make data from across government available to the public via the data.gov website wherever possible. Monitor published information from the Foundation Trust Consolidation (FTC) files for the first time in 2012/13. We are now publishing information from the historic FTC files for 2010/11 and 2011/12 as submitted to us by NHS foundation trusts on 7 June 2011 and 31 May 2012 respectively. This also includes comparative information for 2009/10.

### What is being published

The FTC files contain an NHS foundation trust's accounts data, together with other information to aid our consolidation of the accounts, and additional information required by Monitor or the Department of Health. Where an NHS foundation trust prepares consolidated accounts (to include the results of a subsidiary entity) the FTC contains only the group figures from the NHS foundation trust's consolidated accounts.

The data set published here is limited to the FTC information that NHS foundation trusts are required to include in their annual accounts. The information contained in this file is already available in individual NHS foundation trusts' annual reports as laid before Parliament and published by Monitor in the [FT Directory](#) on our website. The intention of this data file is to make this data easier to locate and manipulate. Previous years' annual reports for NHS foundation trusts can be found using the National Archives' Web Archive for the Monitor website.

This file does not contain consolidation adjustments we make in preparing the consolidated accounts. Upon consolidation we make adjustments including eliminating income and expenditure between NHS foundation trusts. For this reason the totals of the data included in this file might not agree to our Consolidated NHS Foundation Trust Accounts.

### How to use this data file

Two files have been published, which should be used in conjunction:

- the data file, containing all of the FTC data published in the accounts of the 136/143 NHS foundation trusts as at 31 March 2011 and 31 March 2012 respectively; and
- an illustrative FTC file to assist the user in understanding the data being presented.

Every item of data in an FTC file is uniquely referenced by its *MainCode* and *SubCode*. These can be seen in the illustrative FTC file: maincodes appear at the top of the columns in each table, and subcodes appear at the right of each row. Data can also be filtered by *WorksheetName* and *Table ID*, but only a *MainCode* and *SubCode* are required as a minimum to identify a piece of data. The *TableID* identifies each table on a particular sheet. This is useful if the user wishes to view a whole table of data for a particular NHS foundation trust. The data for each *MainCode* and *SubCode* combination is presented for each of the 143 NHS foundation trusts.

FTC form for accounts for periods ending 31 March 2014

NOTES TO THE ACCOUNTS

| Note 35.1 Contractual Capital Commitments | 28A         | 28B         | Table ID | 1             |
|---|-------------|-------------|----------|---------------|
|   | 31 Mar 2014 | 31 Mar 2013 | Maincode | Expected Sign |
|   | £000        | £000        | Subcode  |               |
| Property, Plant and Equipment             |             |             | 100      | +             |
| Intangible assets                         |             |             | 110      | +             |
| Total                                     | 0           | 0           | 120      | +             |

The data file contains a tab of all the data which can be filtered as required. The data file also provides two pivot tables which provide alternative ways of viewing the same data set. These are explored further below.

This method of presenting the data is required given the need to present both rows and columns of data for multiple NHS foundation trusts. Additional text descriptors have been omitted from the data file in order to reduce the file size, which is currently 16 megabytes.

*Example 1: Viewing a table of data for a particular NHS foundation trust*

1. Use the Illustrative FTC file to identify the desired table. For example the table of employee expenses is on worksheet '8. Staff' and on that worksheet it has the TableID '1'.
2. Alternatively the MainCodes of 08A, 08B, 08C, 08F, 08G and 08H could be selected instead of the TableID.
3. In the data file, the tab 'Pivot – whole table for one FT' is used, with the following parameters:
  - *WorkSheetName* is set to '8. Staff'

- *TableID* is set to '1'.
- The desired NHS foundation trust is selected from '*OrganisationName*'.
- Check that the *MainCode* and *SubCode* fields are set to 'select all'.

|                  |                             |               |         |        |         |         |        |  |
|------------------|-----------------------------|---------------|---------|--------|---------|---------|--------|--|
| WorkSheetName    | 8. Staff                    |               |         |        |         |         |        |  |
| OrganisationName | Bolton NHS Foundation Trust |               |         |        |         |         |        |  |
| TableID          | 1                           |               |         |        |         |         |        |  |
| Sum of Value     |                             | Column Labels |         |        |         |         |        |  |
| Row Labels       | SubCode                     | 08A           | 08B     | 08C    | 08F     | 08G     | 08H    |  |
| 16               | 100                         | 164,793       | 151,741 | 13,052 | 179,280 | 145,055 | 34,225 |  |
| 17               | 105                         | 11,119        | 11,119  | -      | 11,560  | 11,560  |        |  |
| 18               | 110                         | 17,864        | 17,864  | -      | 18,505  | 18,505  |        |  |
| 19               | 115                         | -             | -       | -      | -       |         |        |  |
| 20               | 117                         | -             | -       | -      | -       |         |        |  |
| 21               | 118                         |               |         |        |         |         |        |  |

The *RowID* field represents the order in which the rows of data appear in the FTC file, and its inclusion helps ensure that the data is shown in the same order as the physical file. Data should not be selected based on row ID but inclusion of this field in the pivot table is useful where SubCodes are not used in sequential order in the FTC file.

*Example 2: Viewing data items for all NHS foundation trusts*

1. Use the Illustrative FTC file to identify the desired data item(s). For example if we want to see NHS foundation trusts' total operating income in 2011/12, this on worksheet '1.SoCI' with MainCode '01A' and SubCodes '100'. The TableID is not required as the maincode and subcode combination is sufficient.
2. In the data file, the tab 'Pivot – data item(s) for all FTs' is used, with the following parameters:
  - *MainCode* is set to '01A'
  - *SubCode* is set to '100'

|   |              |
|---|--------------|
| MainCode  | 01A          |
| SubCode   | 100          |
| Row Labels  | Sum of Value |
| 2gether NHS Foundation Trust                                  | 106,915      |
| 5Boroughs Partnership NHS Foundation Trust                    | 152,019      |
| Aintree University Hospitals NHS Foundation Trust             | 297,195      |
| Airedale NHS Foundation Trust                                 | 146,963      |
| Alder Hey Children's NHS Foundation Trust                     | 193,475      |
| Ashford and St Peter's Hospitals NHS Foundation Trust         | 245,897      |
| Barnsley Hospital NHS Foundation Trust                        | 169,730      |
| Racildon & Thurrock University Hospitals NHS Foundation Trust | 288,356      |
