25 January 2016

Dear █

## PROVISION OF REQUESTED INFORMATION

Thank you for your two requests for information about the import of captive bred birds and cage birds, which we received 10 and 14 December 2015. Clarity was then requested on 15 December 2016 and a response was received on 5 January 2016. Your requests have been handled under the Freedom of Information Act 2000.

The information you requested and our response is detailed below:

“Please can I ask for all information supplied with regards all notifications of importations of captive bred birds from 4th December to 7th December 2015 that APHA received?

I also would like the same information for the full years of 2015, 2014, 2013.

I understand there is a form to fill in which would have the information I require.

But if there were other notifications not using this form I would like the full information of these importations.”

Importers must notify their local Animal and Plant Health Agency (APHA) office of intended import(s) at least 24 hours in advance of its arrival.

This can be a form, letter, fax or email stating their name and address, the address that the birds are being imported to (if different), the date and estimated time of arrival of the import(s), the number and type of birds, the address and country of origin and how the birds will be travelling. This may or may not include information on whether they are caged or captive bred birds, as there is no requirement to do so.

The relevant information from these notifications is then put into one central system by each local office and the notifications are then generally destroyed.

The Animal and Plant Health Agency is an Executive Agency of the Department for Environment, Food and Rural Affairs working to safeguard animal and plant health for the benefit of people, the environment and the economy.

Therefore, please see attached at Appendices 1 to 3, information that was supplied and entered onto the central APHA system from the notifications of bird imports for the years 2013, 2014 and 2015 (which includes the period of 4 December to 7 December 2015).

I attach an Annex which explains the copyright that applies to the information being released to you and contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact the Access to Information Team at the email address below or postal address at the top of this letter.

Yours sincerely
