

## International Climate Fund

*“Do you please have an up to date ICF overview document that details how the fund is divided up between programmes and how funds are diverted through multilateral and bilateral institutions?”*

*The ICF page on GOV.UK is very useful for pulling information together but is there a single overview document that consolidates all recent data?”*

DFID holds information relevant to your request. However, this information is exempt from disclosure under Section 21 (1) (Information accessible to applicant by other means) of the Freedom of Information Act 2000 as it is reasonably accessible to you.

The Independent Commission for Aid Impact (ICAI) recently reported on the UK's International Climate Fund (ICF) and published their report on their website in December 2014. The [ICAI report](#) gives a comprehensive account of how the ICF works and its impact. It also brings together various programme data including the split between bilateral and multilateral channels.

The [UK Government's Management Response](#) to the ICAI report can be found on the GOV.UK website.
