Dear [REDACTED]

PROVISION OF REQUESTED INFORMATION

Thank you for your request for information about a live animal export on 15 October 2014, which we received on 18 December 2015. Your request has been handled under the Freedom of Information Act 2000.

The information you requested and our response is detailed below:

“Under the Freedom of Information Act I would like to request information on a shipment of live animals that arrived at Ramsgate for export from the UK on 15/10/2014. The vehicle in question had the registrations BT JD 75 for the tractor and OK 16 YN for the trailer.

Please can you provide me with copies of the following paperwork (Please do not redact registration plates from any of this paperwork so that I can see it is connected to the vehicle above):

1. The Journey Log (WIT07)
[Please see the Journey Logs \(WIT07\) at Appendix 1 & 2.](#)
2. The Vehicle/Livestock Inspection Report (WIT32)
[Please see the Vehicle/Livestock Inspection Report \(WIT32\) at Appendix 3.](#)
3. All Intra Trade Animal Health Certificates (ITAHC)
[Please see the Intra Trade Animal Health Certificates \(ITAHC\) at Appendix 4 & 5.](#)
4. Any WIT08 or WIT09 notices served
[No WIT08 or WIT09 notices were served.](#)
5. If any animals were refused loading, the ET45 form.
[APHA do not hold an ET54 form for this vehicle.](#)

Please could you also advise as to whether this vehicle received an inspection by Animal Health at Ramsgate – and if so please can you provide any associated paper work?

APHA did not inspect this vehicle at the port of Ramsgate so a Portal WIT32 is not attached.

Information has been redacted under Section 40(2) and Section 38 of the Freedom of Information Act 2000.

Section 40(2) refers to other people's personal information. Some of the information contained within the requested document has been withheld under section 40(2) (third party personal data) of the FOIA as the information constitutes personal data relating to a third party. Section 40(2) of the FOIA provides that personal data relating to third parties is exempt information if disclosure would breach the Data Protection Act 1998 (DPA).

APHA consider that disclosure of this information is likely to breach the first data protection principle in Schedule 1 of the DPA, which relates to the fair and lawful processing of personal data, in two ways. First, disclosure would not constitute 'fair' processing of the personal data, second, disclosure would not satisfy any of the conditions for data processing set out in Schedule 2 to the DPA. Therefore, we have concluded that this information is exempt from disclosure under section 40(2) of the FOIA.

Section 38 refers to the exemption from the duty to provide information if it would, or would be likely to affect anyone's health or safety.

We recognise that there is a general presumption in favour of transparency and openness concerning our work, and providing the general public with the right to request access to information held by public authorities.

We also recognise that there is a public interest in disclosure of this specific information in order to increase this transparency and aid well-informed debates concerning the welfare and transportation of animals, and the individuals associated with them.

However, we feel that there is a stronger public interest in withholding the information as the full address of the premises of origin, destination and/or rest stops, transporter details and individual names would identify further information and would, or would be likely to, endanger the health and safety of staff. This poses a substantial risk to the health and safety of individuals associated with the transportation of animals that would be of significant severity and is likely to occur in some cases. We consider this to be a significant factor in favour of maintaining the exemption.

APHA has balanced the real threat to the health and safety of individuals which disclosure of the requested information would be likely to cause, against the public interest arguments in favour of disclosure. In this instance the APHA does not consider that disclosing the information requested in order to inform public debate and to promote accountability and transparency would justify the risk to individuals' health and safety.

I attach an Annex which explains the copyright that applies to the information being released to you and contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact the Access to Information Team at the email address below or postal address at the top of this letter.

Yours sincerely

------------------------------	---	--

I, the undersigned official veterinarian, hereby certify, that the animals described above meet the following requirements:

(1) either [II.1. The animals were born and have been reared since birth on Union territory.]

(1) or [II.1. ~~The animals were imported from a third country complying with the animal health conditions laid down in Commission Regulation (EC) No 206/2010, at least 30 days prior to loading.~~]

II.2. The animals:

II.2.1. have been inspected today (within 24 hours prior to loading) and show no clinical sign of disease.

II.2.2. are not animals which are to be destroyed under a scheme to eradicate a contagious or infectious disease.

II.2.3. come from holdings which have been free from any official prohibition on health grounds, for the last 42 days in the case of brucellosis, for the last 30 days in the case of rabies, for the last 15 days in the case of anthrax, and, have not been in contact with animals from holdings which did not comply with these conditions.

II.2.4. do not come from a holding nor have been in contact with animals from a holding in a protection zone which has been set up under Union legislation and which animals are prohibited to leave;

II.2.5. are not the subject of animal health measures pursuant to Union legislation on foot-and-mouth disease nor have been vaccinated against foot-and-mouth disease.

II.3. Based on the written declaration made by the keeper or an examination of the holding register and movement documents kept in accordance with Council Regulation (EC) No 21/2004, in particular in Sections B and C of the Annex to that Regulation, the animals have remained on a single holding of origin for a period of at least the last 30 days, or on the holding of origin since birth where the animals are less than 30 days old, and no animal of the ovine and caprine species has been introduced into the holding of origin during the last 21 days and no bivalent animal imported from a third country has been introduced into the holding of origin during the last 30 days, unless those animals were introduced in accordance with Article 4a(1) of Council Directive 91/68/EEC.

(1) [II.4. ~~The animals comply with the additional guarantees provided for in Articles 7 or 8 of Council Directive 91/68/EEC and laid down for the Member State of destination or part of its territory (insert Member State or part of its territory) in Commission Decision (insert number).~~]

II.5. The animals comply with at least one of the following conditions and therefore qualify for admission to an ovine or caprine holding which is officially brucellosis-free (*B. melitensis*):

(1) either [the holding of origin is situated in a Member State or part of its territory (insert name of Member State or part of its territory) which is recognised as being officially brucellosis-free in accordance with Commission Decision (insert number).] OK

(1) or [come from an officially brucellosis-free (*B. melitensis*) holding.] 93/52

(1) or [~~come from a brucellosis-free (*B. melitensis*) holding, and~~

(i) ~~are identified individually,~~

(ii) ~~have never been vaccinated against brucellosis or if the animals have been vaccinated were so vaccinated more than two years previously or the animals are females over two years old which were vaccinated before the age of seven months,~~

(iii) ~~were isolated under official supervision on the holding of origin and, during such isolation, underwent, with negative results, two tests for brucellosis in accordance with Annex C to Directive 91/68/EEC, separated by an interval of at least six weeks.]~~

II.6. The animals comply with at least one of the following conditions and therefore qualify for admission to an ovine or caprine holding which is brucellosis-free (*B. melitensis*):

(1) either [come from an officially brucellosis-free (*B. melitensis*) holding.]

(1) and/or [~~come from a brucellosis-free (*B. melitensis*) holding.~~]

(1) and/or [~~until the qualifying date under eradication plans approved pursuant to Council Decision 90/242/EEC, the animals originate from a holding other than officially brucellosis-free or brucellosis-free and comply with the following conditions:~~

(i) ~~are identified individually,~~

(ii) ~~originate from a holding in which all the animals of species susceptible to brucellosis (*B. melitensis*) have been free of clinical symptoms or any other symptoms of brucellosis for at least 12 months, and~~

(1) either [have not been vaccinated against brucellosis (*B. melitensis*) in the last two years, and were isolated under veterinary supervision on the holding of origin and, during such isolation, underwent, with negative results, two tests for brucellosis in accordance with Annex C to Directive 91/68/EEC, separated by an interval of at least six weeks.]

[~~were vaccinated with Rev. 1 vaccine before the age of seven months, but not later than 15 days before their introduction into the holding of destination.]~~]

(1) [II.7. The animals are intended for a Member State with a negligible risk status for classical scrapie approved in accordance with the first subparagraph of point 2.2 of Section A of Chapter A of Annex VIII to Regulation (EC) No 999/2001 of the European Parliament and of the Council or a Member State which is listed in point 3.2 of Section A of Chapter A of Annex VIII to Regulation (EC) No 999/2001 as having an approved national scrapie control programme, and come from a holding or holdings:

(1) either [situated in a Member State or zone of a Member State with a negligible risk status for classical scrapie approved in accordance with the first subparagraph of point 2.2 of Section A of Chapter A of Annex VIII to Regulation (EC) No 999/2001.]

(1) and/or [recognised as having a negligible risk of classical scrapie in accordance with point 1.2 of Section A of Chapter A of Annex VIII to Regulation (EC) No 999/2001.]

(1) and/or [not subject to the measures laid down in points 3 and 4 of Chapter B of Annex VII to Regulation (EC) No 999/2001 and the animals are of the ovine species of the ARR/ARR prion protein genotype.]

(1) and/or [which have complied with the requirements laid down in points (a) to (i) of the second subparagraph of point 1.2 of Section A of Chapter A of Annex VIII to Regulation (EC) No 999/2001 for a period of at least the last seven years and the animals arrive at the holding of destination before 1 January 2015.]]

II.8.1. The animals were transported using means of transport and containment which had, before-hand, been cleaned and disinfected using an officially approved disinfectant, and in such a way as to provide effective protection of the animals' health status

II.8.2. Based on the official documentation accompanying the animals, the consignment covered by this health certificate are due to start the journey on (insert date) 15/10/14

II.8.3. At the time of inspection the animals covered by this health certificate were fit to be transported on the intended journey in accordance with the provisions of Council Regulation (EC) No 1/2005(3).
