Dear

FREEDOM OF INFORMATION REQUEST M1 NORTHBOUND JUNCTION 10 EXIT SLIP

Thank you for your email of 12 January requesting information about the M1 northbound junction 10 exit slip road. I have handled your request under the terms of the Freedom of Information Act 2000. We have now completed our search for information.

You ask whether traffic cones were placed on the exit slip road of the M1 northbound at junction 10 on 20 September 2014.

An extract of our Schedule of Road Works database, which I have attached at Annex A shows that it is likely that there was traffic management on the M1 northbound junction 10 on 20 September 2014. To what extent is not held by us as the work being done was not being carried out by Highways England.

The roadspace was booked on behalf of Luton Borough Council so that they could complete £30million of improvements at M1 junction 10a to facilitate better access to the airport. Work started in December 2013 and was completed in summer 2015.

It is likely that Luton Borough Council will hold more detailed information about traffic management arrangements for this project. You can make a request for this information via their [website](#).

If you are unhappy with the way we have handled your request you may ask for an internal review. Our internal review process is available at: <https://www.gov.uk/government/organisations/highways-england/about/complaints-procedure>

If you require a print copy, please phone the Information Line on 0300 123 5000; or email info@highwaysengland.co.uk. You should contact me if you wish to complain.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at:
