

**We were asked:**

- Q1. The name of your current incident recording and investigation management system(s) and Provider(s).
- Q2. The date that the contract was signed with your systems providers.
- Q3. The length of the current contract term for the systems.
- Q4. When the systems contracts are up for renewal.
- Q5. The current annual maintenance charges for your systems.
- Q6. The original contract value of the systems.
- Q7. The current number of employees involved in incident recording and investigation management including casual and full time staff.

**We replied:**

- A1. You asked a number of questions about the Wales Office's IT systems to record incidents and to manage investigations. The Wales Office uses IT services supplied under Ministry of Justice contracts, and we do not hold IT contracts in our own right. You may therefore wish to ask the Ministry of Justice about the management of its IT systems.
