PATENTS ACT 1977

21/4/95

IN THE MATTER OF an application under Section 72(1) by Makhteshim Chemical Works Limited for revocation of Patent No EP(UK) 0072156 in the name of Schering Agrochemicals Limited

DECISION

The applicants for revocation now state that they no longer wish to pursue the application. Having considered the objections raised by the applicants, I decide to make no order for revocation of the patent. The proprietors offered the amendments to the patent specification proposed in their supplementary counter-statement filed on 19 October 1994 as "conditional upon an adverse finding on the unamended specification". Consequent to my decision to make no order for revocation of the patent, the proprietors' proposed amendments will therefore not be pursued.
