This NAA informs of the introduction of RA 1395 and RA 1029 into the Gen 1000 Series of Regulatory Articles. These RA's have been introduced to meet the intent of the 'Development of Ship-Air Integration Regulations - Underpinning Principles' published jointly by the MAA and Defence Maritime Regulator in December 2013, and specifically to provide a regulatory framework for:

1. The authorization to permit embarked aviation in HM/MOD Ships, primarily through the 'Ship-Air Release' process.
2. The stakeholder interfaces associated with the Ship-Air Release process.
