Dear Consultee,

## **CONSULTATION FOR MEANS OF RECOVERY M-NOTICE**

This consultation is for a new Marine Guidance Note (MGN) informing industry of a new SOLAS Regulation requiring all SOLAS ships to have arrangements for the recovery of persons from the water. The Note follows IMO guidelines and establish the need for Non-SOLAS UK ships and boats (e.g. fishing vessels and small craft) to equally observe these international provisions as industry guidance. The new notice also establishes the process through which novel equipment intended for the recovery of persons from the water may be accepted for use on UK ships. Nothing in the SOLAS amendment or UK policy requires that additional equipment is to be carried on ships; the requirement is only about having a plan and procedure to use equipment. Feedback is specifically sought in response to the questions outlined in the associated Business Impact Target questionnaire.

The closing date for this consultation is Friday 18<sup>th</sup> December 2015. Responses to consultations should be sent to [consultationsdmss@mcga.gov.uk](mailto:consultationsdmss@mcga.gov.uk) and clearly labelled as Consultation on Means of Recovery.
