Information request

I ask my local authority to explain how the £112.55 that the Government says is the 'basic living needs of a couple' is broken down How much for rent, how much for food etc.

I fully expect that there is a publication somewhere that tells me this . Could you email the link to me?

DWP response

We apologise for providing the incorrect link to the information requested in our previous response (Fol 3200) , please find below the correct link.
