

River Thames – river restriction

Henley Reach

Wednesday 8 July to Sunday 12 July 2015

Henley Music Festival, Henley Masters Regatta and the Henley Mile Swim

Directions for navigation and mooring during these events:

Those in charge of all boats in the vicinity of this event must conform with these directions and with any special directions which, at the discretion of a Harbourmaster, may be required in particular circumstances during these dates.

- All boats travelling downstream must be navigated within the regatta course and all boats travelling upstream must be navigated on the Buckinghamshire/Fawley side of the regatta course. Except between 07.00 on Friday 10 July and 18.00 on Saturday 11 July and 08.00 and 15.00 on Sunday 12 July (when the navigation channel for **all** river traffic will be on the Buckinghamshire/Fawley side of the regatta course).
- Boats can cross the course from one side of the river to the other provided that in doing so they do not impede any other boats.
- At all times no boats can moor within the regatta course, to the bank in the area known as The Narrows or to the adjacent regatta course booms (The Narrows is indicated with an X on the map overleaf).
- Any boat can moor to the booms on the Buckinghamshire/Fawley side of the regatta course provided **no more than three boats may lie alongside each** and no mooring lines are attached to any course pile. No boat can moor unattended to the regatta course booms, piles or boxes.
- Between 07.00 on Friday 10 July and 18.00 on Saturday 11 July only open powered boats and unpowered boats can moor alongside the course downstream of line A at Barn Elms Boathouse on the map overleaf.
- Between 08.00 and 15.00 on Sunday 12 July an open water swim, The Henley Mile, will be taking place within the Regatta Course downstream from the Mile Mark to the regatta start point.
- All boats, including unpowered boats, must display the required navigation lights when navigating after sunset and before sunrise.
- In addition other directions regarding mooring may be given by Navigation Officers.

Furthermore, we hereby advise that the regatta course including all of the piles, booms and boxes are the property of Henley Royal Regatta. The Regatta may choose to take civil action against any person who causes damage to their structures.

It is an offence to fail to conform with the directions in this notice or to obstruct an officer of the Environment Agency in the execution of their duty or to fail to obey directions given regarding the navigation, mooring or unmooring of any boat.

Andrew Graham
