ADULTS' PERSONAL SOCIAL SERVICES: SPECIFIC REVENUE FUNDING & CAPITAL GRANT ALLOCATIONS FOR 2015/16

SUMMARY

1. This letter clarifies local authority specific revenue and capital funding for the financial year 2015/16, which was subject to the 2013 Spending Review. Funding beyond 2015/16 is subject to the next Spending Review. It also provides further information on the BCF and allocations for DCLG Care Act funding.

ACTION

2. This letter is provided for information only, and confirms details and allocations of Department of Health local authority specific revenue funding and capital funding.

SPECIFIC REVENUE FUNDING

Local Reform and Community Voices grant

3. The Department of Health will make circa £32 million available through the Local Reform and Community Voices grant in 2015/16. Allocations are presented in **Annex C**. In 2015/16 this grant is comprised of three funding streams:
 - additional funding for Deprivation of Liberty Safeguards (DOLS) in Hospitals;
 - additional local Healthwatch funding; and
 - funding for the transfer of Independent Complaints Advocacy Service (ICAS) to local authorities
4. Please note that the funding streams covered by this grant in previous years have been amended. This grant now excludes funding for Independent Mental Health Advocacy and the disregard for Guaranteed Income Payments for Veterans. These streams are included in the Better Care Fund in 2015/16.

Social Care in Prisons grant

5. The Department of Health will make circa £11 million available through the Social Care in Prisons grant in 2015/16. Allocations are presented in **Annex C**. They have also been published in the consultation response detailed in para 9 below.
6. The Act establishes that the local authority in which a prison, approved premises or bail accommodation is based will be responsible for assessing and meeting the care and support needs of the offenders residing there.
7. The provision of care and support for those in custodial settings is based on the principle of equivalence to provision in the community. The Act clarifies the application of Part 1 for people in custodial settings, including aspects which do not apply.

CARE ACT FUNDING

8. As announced in the 2015/16 illustrative local government finance settlement, local authorities will receive £285 million for new burdens arising from the Care Act in 2015/16. This funding will be paid out by the Department of Communities and Local Government.
9. **Annex C** contains allocations for this funding, as published in the *'Response to the consultation on funding formulae for implementation of the Care Act in 2015/16: Allocations for early assessments against the cap on care costs, universal deferred payment agreements, social care in prisons and additional funding for Care Act implementation, including carers rights'*. Available at: <https://www.gov.uk/government/consultations/care-act-2014-funding-allocations-for-new-adult-social-care-duties>

BETTER CARE FUND

Social Care Capital grant (capital)

10. The Department of Health will make circa £134 million available through the Social Care Capital grant in 2015/16. Allocations are presented in **Annex C**. This funding is part of the Better Care Fund, but will be allocated directly to councils by the Department.
11. Relevant conditions will be attached to this grant so that they are used in pooled budgets for the purposes of the Fund.
12. As noted in the original BCF guidance, £50m of the total £134m capital funding has been earmarked for the capital costs (including IT) associated with transition to the capped cost system, which will be implemented in April 2016.

Revenue funding

13. £135 million of revenue funding within the Better Care Fund is linked to a range of duties for local authorities in 2015/16. This should provide for duties included in the Care Act commencing in 2015/16. The funding also includes provision for Independent Mental Health Advocacy and the disregard for Guaranteed Income Payments for veterans, and money to offset financial pressures on the care and support system that may be created by changes to the pensions and benefit systems.
14. There is sufficient funding within overall social care allocations (covering both the BCF and the unring-fenced local government finance settlement) for Independent Mental Health Advocacy services and disregards for Guaranteed Income Payments for veterans to be maintained.

Independent Mental Health Advocacy (IMHA)

15. In 2014/15 and 2013/14 the Local Reform and Community Voices grant contained a funding stream for the transfer to local authorities of responsibility for commissioning Independent Mental Health Advocacy services. In 2015/16 this funding stream will be moved into the Better Care Fund.
16. Local authorities continue to have a duty under the Mental Health Act 1983 (as amended by the Mental Health Act 2007 and the Health and Social Care Act 2012) to make arrangements to enable every qualifying patient who wants one to have access to an IMHA. Qualifying patients include patients detained under provisions (other than emergency provisions) of the Mental Health Act 1983, all patients on Community Treatment Orders and all patients subject to guardianship under the Mental Health Act 1983.

Disregard for Guaranteed income Payments for Veterans

17. In 2014/15 and 2013/14 the Local Reform and Community Voices grant contained a funding stream for the disregard for Guaranteed Income Payments for Veterans. In 2015/16 this funding stream will be moved into the Better Care Fund.

FURTHER INFORMATION

18. The Isles of Scilly no longer receive their main revenue support grant through the same process as other authorities. Full details of this are available in the CLG guidance. Where Department of Health (DH) specific grants are allocated using the relative needs formulae (RNFs), this will continue to apply to all authorities including the Isles of Scilly.
19. For further details of the adult social care Spending Review settlement see the following link

20. Adults' PSS grant allocations are subject to Parliamentary approval.
