Dear [REDACTED]

### PROVISION OF REQUESTED INFORMATION

Thank you for your request for information about live animal exports which we received on 18 February 2016. Your request has been handled under the Freedom of Information Act 2000.

The information you requested and our response is detailed below:

“Under the FoI Act I would like to request information on a live animals shipment from Ramsgate for export to the continent 24th July, 2014.

The vehicles in question are with Trailer registrations:

OF 68 RN

08 WH 268

Please note APHA have no record of vehicle 08 WH 268, however we do hold a record of vehicle 08 WH 2687 and have supplied you with those details.

OB 29 FS

Please can I have the following paperwork on the above trailers:

1. Journey Log WIT07  
Please the Journey Log WIT07 for all vehicles at Appendices 1 to 5.
2. The Vehicle/Livestock Inspection Report WIT32  
Please the Vehicle/Livestock Inspection Report WIT32 for all vehicles at Appendices 6 to 9.
3. All Intra Trade Animal Health Certificates  
Please the Intra Trade Animal Health Certificates for all vehicles at Appendices 10 to 15.

4. Any WIT08 or WIT09 notices served  
No WIT08 or WIT09 notices were served.
5. If any animals were refused loading, the ET45 form  
Please see the ET54 forms for vehicles OF 68 RN and 08 WH 2687 at Appendices 16 to 19.  
APHA do not hold an ET54 form for vehicle OB 29 FS.

Please could you also advise as to whether this vehicle received an inspection by Animal Health at Ramsgate Port?"

Yes, APHA inspected all three vehicles at Ramsgate Port. The Portal WIT32s are attached at Appendices 20 to 22.

Information has been redacted under Section 40(2) and Section 38 of the Freedom of Information Act 2000.

Section 40(2) refers to other people's personal information. Some of the information contained within the requested document has been withheld under section 40(2) (third party personal data) of the FOIA as the information constitutes personal data relating to a third party. Section 40(2) of the FOIA provides that personal data relating to third parties is exempt information if disclosure would breach the Data Protection Act 1998 (DPA).

APHA consider that disclosure of this information is likely to breach the first data protection principle in Schedule 1 of the DPA, which relates to the fair and lawful processing of personal data, in two ways. First, disclosure would not constitute 'fair' processing of the personal data, second, disclosure would not satisfy any of the conditions for data processing set out in Schedule 2 to the DPA. Therefore, we have concluded that this information is exempt from disclosure under section 40(2) of the FOIA.

Section 38 refers to the exemption from the duty to provide information if it would, or would be likely to affect anyone's health or safety.

We recognise that there is a general presumption in favour of transparency and openness concerning our work, and providing the general public with the right to request access to information held by public authorities.

We also recognise that there is a public interest in disclosure of this specific information in order to increase this transparency and aid well-informed debates concerning the welfare and transportation of animals, and the individuals associated with them.

However, we feel that there is a stronger public interest in withholding the information as the full address of the premises of origin, destination and/or rest stops, transporter details and individual names would identify further information and would, or would be likely to, endanger the health and safety of staff. This poses a substantial risk to the health and safety of individuals associated with the transportation of animals that would be of significant severity and is likely to occur in some cases. We consider this to be a significant factor in favour of maintaining the exemption.

APHA has balanced the real threat to the health and safety of individuals which disclosure of the requested information would be likely to cause, against the public interest arguments in favour of disclosure. In this instance the APHA does not consider that disclosing the information requested in order to inform public debate and to promote accountability and transparency would justify the risk to individuals' health and safety.

I attach an Annex which explains the copyright that applies to the information being released to you and contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact the Access to Information Team at the email address below or postal address at the top of this letter.

Yours sincerely
