<b>Overall Assessment</b>	<b>GREEN</b>	
<p>The IA is fit for purpose. The costs and benefits have been adequately assessed. The revised IA has addressed the issues raised in the RPC's previous Opinion of 17 June 2011.</p>		
<p><b>Identification of costs and benefits, and the impacts on small firms, public and third sector organisations, individuals and community groups and reflection of these in the choice of options</b></p> <p>The IA has been revised in light of the previous Opinion issued by the RPC and as a result, it now provides greater clarity on the assumptions underlying the calculation of the costs and benefits.</p>		
<p><b>Have the necessary burden reductions required by One-in, One-out been identified and are they robust?</b></p> <p>As this proposal is of European origin, with no evidence of going beyond minimum requirements, it is out of scope of One-in, One-out.</p>
