

Annex B : Eden Boys' School - Impact assessment

School name	Type	Distance from FS (miles)	School Capacity	Surplus places at point of entry year	Attainment 2014	Inspection rating	Inspection date	Impact Rating
Broadway Academy	Academy Converter	0.3	1300	1	51%	Good	27/01/2011	<p>Minimal</p> <p>Attainment is slightly below the national average, but this is a popular school. Given the proximity to the free school it may see some impact but as it is a large school and the free school has a small yearly intake it is unlikely to affect the long term financial viability of this school.</p>
King Edward VI Aston School	Academy Converter	1.1	810	0	96%	Outstanding	13/03/2008	<p>Minimal</p> <p>The school is currently full and provides an outstanding education. It is unlikely the free school will have any effect on its long term viability</p>
Holte School	Community School	1.2	1175	0	59%	Outstanding	27/09/2012	<p>Minimal</p> <p>The school is currently full and provides an outstanding education. It is unlikely the free school will have any effect on its long term viability</p>

Handsworth Wood Girls' Academy	Academy Converter	1.4	817	2	52%	Outstanding	23/05/2014	None
North Birmingham Academy	Academy Sponsor Led	1.4	1150	1	23%	Requires Improvement	06/02/2014	<p>Moderate</p> <p>Results are currently poor but this remains a popular school. The school may see some impact from the free school; however factors such as distance and travel to school routes (crossing major dual carriageways) may be a deterrent to choosing the free school over this one.</p>
Aston Manor Academy	Academy Converter	1.5	950	0	47%	Good	27/02/2013	<p>Minimal</p> <p>Attainment is slightly below the national average, but this is a popular school with no surplus places at entry point. Given the distance from the free school and its popularity it is unlikely that it would see any long term impact on its viability</p>
King Edward VI Handsworth School (Girls school with mixed 6 th form)	Academy Converter	1.5	896	0	99%	Outstanding	05/02/2014	None

Nishkam High School	Free Schools	1.6	700	0	No KS4 data	Outstanding	01/05/2014	It is too early to assess, however Muslim families may be less likely to choose a Sikh school, so the impact would likely be minimal.
Stockland Green School	Academy Converter	1.7	750	3	43%	Special Measures	05/12/2013	<p>Moderate</p> <p>The school has lower than national average attainment but still remains popular.</p> <p>Despite its distance from the free school and its current poor performance, the free school may have a moderate impact on this school as it will add to the alternative choices parents may make to send pupils elsewhere.</p>
Perry Beeches the Academy	Academy Converter	1.7	900	-3	77%	Outstanding	06/03/2013	<p>Minimal</p> <p>The school is currently oversubscribed and provides an excellent education. It is unlikely the free school will have any effect on its long term viability</p>
Handsworth Grammar School	Voluntary Aided School	1.8	898	0	89%	Good	06/02/2013	<p>Minimal</p> <p>The school is currently full and provides a good education. It is unlikely the free school will have any effect on its long term viability</p>
Aston University Engineering Academy (14	University Technical	2.0	600	71	52%	Good	05/06/2014	It is too early to assess any impact as the free school will not have any Y10 students until

- 19)	College							2018/19. However due to the specialist nature of the UTC offer it is unlikely that students would actively move away from the UTC back into secondary education.
Great Barr School	Foundation School	2.0	2124	165	42%	Requires Improvement	23/01/2014	<p>Moderate</p> <p>This school is not currently performing well and there is a choice of other good schools more locally which parents may choose as an alternative to this school.</p> <p>Despite its distance from the free school, parents in the area may choose the free school over the other nearer schools. It is unlikely that the free school alone would have a major impact on this school in the long term.</p>
Hamstead Hall Academy	Academy Converter	2.1	1104	2	45%	Good	27/01/2011	<p>Minimal</p> <p>Given its distance from the free school and its popularity, it is unlikely the free school will have any effect on its long term viability, despite its below national average attainment.</p>

Colleges

School name	Type	Distance from FS (miles)	Approx number of pupils at the college	Average points score 2014	Inspection rating	Inspection date	Impact Rating
Birmingham Metropolitan College	General Further Education College	2.4	13834	610	Good	11/02/2011	<p>Minimal The free school 6th form is not due to take students until 2019. Assuming these colleges continue to perform at their current levels or better it is unlikely that a cohort of 100 students per year group would have a major impact on the viability of these colleges.</p>
South and City College Birmingham	General Further Education College	2.9	8659	No KS5 data	Good	12/02/2010	
Joseph Chamberlain Sixth Form College	Sixth Form College (General)	3.8	1605	711.6	Good	19/09/14	
Sandwell College	General Further Education College	4.0	4009	625.8	Good	16/05/2014	
Walsall College	General Further Education College	6.2	6359	No KS5 data	Outstanding	15/02/2013	
Halesowen College	Tertiary College	7.7	5856	639.8	Good	07/06/2013	

Dudley College of Technology	General Further Education College	7.9	4861	659	Good	01/03/2013	
Cadbury Sixth Form College	Sixth Form College (General)	7.9	1143	674.1	Good	07/03/2014	
Solihull College	General Further Education College	8.7	7335	547.5	Good	14/05/2010	
Bournville College of Further Education	General Further Education College	9.2	4629	603.1	Good	23/05/2014	

Secondary need - Data includes targeted basic need, open free schools, BSF and CSD		Positive number or % represents a shortfall of places. Negative number or % represents surplus places.								
		2015/16		2016/17		2017/18		2018/19		
		Number of Shortfall	% of shortfall	Number of Shortfall	% of shortfall	Number of Shortfall	% of shortfall	Number of Shortfall	% of shortfall	Planning area details
