NOTES TO THE CONSOLIDATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2014

1. ACCOUNTING POLICIES

These accounts have been prepared under the historical cost convention, as modified by the revaluation of investment and freehold properties and quoted investments, and applicable United Kingdom accounting standards.

The union has incurred a net deficit for the year ended 31 December 2014 of £3,550,000, reducing the union's total funds from £4,750,000 to £1,259,000 (excluding revaluation reserves but including the FRS 17 deficit of £4,421,000) at that date. There are a number of risks surrounding the union's on-going financial situation and long-term sustainability. The Executive Council and the National Secretary have taken steps to reduce the expenditure of the union including the following:

- 1) The union has reduced its affilitations and donations to membership bodies which will result in a saving of approx £136,000 per annum.
- 2) The union has undertaken a redundancy programme to reduce staff costs by up to £750,000 per annum.
- 3) The union has commenced a programme for the closure of surplus sub-offices and under utilised properties, the expected outcome should be a saving of approximately £625.000 per annum.
- 4) The union is making every effort to look at all of its expenditure to ensure that reductions are sought and contracts re-negotiated in order to achieve further savings on current expenditure levels.
- Given the ongoing work to control expenditure and generate additional revenue as well as the strength of the union's asset base, the Executive Council believe it is appropriate to prepare these accounts on the going concern basis.
- Tangible fixed assets are stated at historical cost or valuation less depreciation. Depreciation is provided on all fixed assets other than freehold land on a straight line basis at rates estimated to write off the cost or valuation of each asset over its expected life as follows:

Buildings

Office equipment, fixtures & fittings

Computer equipment

33% pa 25% pa

C Investment properties are revalued at their open market value annually and are not depreciated. Investment properties are held for their investment potential and not for use by the Union.

2% pa

20% pa

- Investments are stated at market value. Realised and unrealised gains and losses on investments are taken directly to
- E Income is accounted for on a receivable basis. Amounts received in advance are treated as deferred income included in
- F The net cost of legal cases undertaken on behalf of members is charged in these accounts on an invoiced basis.
- G Value added tax (VAT) is only partially recoverable and the recoverable element is shown in the Income Statement
- H Transactions in foreign currency are recorded at the average rate ruling during the year under review. Monetary assets and liabilities are shown at the rate of exchange applicable at the balance sheet date.
- The Union's operates a defined benefit scheme.

The amounts charged to Income and Expenditure Account are the current service costs. Actuarial gains and losses are recognised immediately in the Income and Expenditure Account.

The assets of the scheme are held separately from those of the Union in a separate trustee administered fund. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit method and a discounted rate equivalent to the current rate of return on high quality corporate bonds of equivalent currency and term to the scheme liabilities.

The cumulative amount of actuarial gains and losses in the last five years is a loss of £2,521,000.

Future funding obligation

The most recent actuarial valuation of the scheme, which was assessed at 31 May 2013 and finalised in August 2014, showed a deficit of £3,600,000. A Schedule of Contributions recommended by the Actuary designed to eliminate the deficit by June 2025, has been accepted by the Union. This provided for employer's regular contributions in respect of the in-service members of 17.5% of pensionable salaries each month until 31 July 2014 and 20.9% of these members' pensionable salaries thereafter, as well as deficit funding contributions of £356, 928 in the year to 31 May 2014, £30,934 per month in respect of June and July 2014 and £25,000 per month in respect of August 2014 to August 2015 inclusive with this amount increasing on 1 June each year, with effect from 1 June 2015, by the increase in the Retail Prices Index for the year to the preceding September. In-service members will continue to make contributions of 5% - 7% of pensionable salary in accordance with the Scheme Rules.

Under Financial Reporting Standard 17 (FRS17), the operating costs of providing benefits, the service costs, and the interest cost and expected return on assets are included in the income and expenditure account in the period in which they arise. Market fluctuations are set out as recognised gains and losses. The cash flow required to meet any deficit relates to future pension contributions and in the long term this is expected to rise. However the amount of any deficit is subject to considerable variation as it depends on a number of both demographic and financial assumptions.

Republic of Ireland Pension Costs

The Union is also a minority participant in a separate pension scheme providing benefits based on final pensionable salary, based in the Republic of Ireland ("the Scheme"). The assets of the scheme are held separately from those of the Union, being invested with major asset management companies. The contributions are determined by a qualified actuary on the basis of triennial valuations using the scheme's technical provisions, as required by the Republic of Ireland Pensions Act 1990. The assumptions which have the most significant effect on the results of the valuation are those relating to the rate of return on investments and the rate of increase in salaries and pensions.

The most recent full valuation of the scheme was carried out at 31 May 2012. The actuary is satisfied that the UCATT arrangement at that date met the funding standard provided for in the Irish Pensions Act.

The Union is unable to identify its share of the underlying assets of the Scheme, as it participates in the Scheme with several other entities. Each participating employer is exposed to actuarial risks associated with the current and former employees of the other employers participating in the Scheme. The pension cost of the Scheme to the Union under Financial reporting Standard 17 is therefore the contributions paid to the Scheme by the Union in the year.

NOTES TO THE CONSOLIDATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2014

12. TAXATION

The union is not liable to tax on income from its members. Taxation is payable to the extent that capital gains and income from investments and commercial training activities exceed allowable provident benefits.

13. REVALUATION RESERVE

This represents the surplus arising following the revaluation of certain Union properties by Keningtons as at December 31, 2014.

No taxation liability is anticipated on the disposal of Union properties at the revalued amounts and no provision has been made in these accounts.

AUDITOR'S REPORT

(see notes 81 to 86)

made in accordance with section 36 of the Trade Union and Labour Relations (Consolidation) Act 1992.

1.	In the opinion of the auditors or auditor do the accounts they have audited and which are contained in
	this return give a true and fair view of the matters to which they relate?
	(See section 36(1) and (2) of the 1992 Act and notes 83 and 84)

If "No" please explain below.

- Have the auditors or auditor carried out such investigations in the preparation of their audit report as 2. will enable them to form an opinion as to:
 - whether the trade union has kept proper accounting records in accordance with section 28 of (a) the 1992 Act;
 - whether it has maintained a satisfactory system of control over its transactions in accordance (b) with the requirements of that section; and
 - whether the accounts to which the report relates agree with the accounting records? (c) (See section 36(3) of the 1992 Act, set out in note 83)

If "No" please explain below.

- Are the auditors or auditor of the opinion that the union has complied with section 28 of the 1992 Act 3. and has:
 - kept proper accounting records with respect to its transactions and its assets and liabilities; and (a)
 - established and maintained a satisfactory system of control of its accounting records, its cash (b) holding and all its receipts and remittances.

(See section 36(4) of the 1992 Act set out in rule 83)

If "No" please explain below.

Please set out a copy of the report made by the auditors or auditor to the union on the accounts to 4. which this AR21 relates. The report is to set out the basis upon which the audit has been conducted and/or such other statement as the auditor considers appropriate. Such a statement may be provided as a separate document.

(See note 85)

Contact name and telephone number:	PHILLP CLARK 0207 509 9305	

N.B. When notes to the accounts are referred to in the auditor's report a copy of those notes must accompany this return.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE UNION OF CONSTRUCTION, ALLIED TRADES AND TECHNICIANS

We have audited the financial statements of the Union of Construction, Allied Trades and Technicians for the year ended 31 December 2014 which comprise the Consolidated Income and Expenditure Account, Consolidated Balance Sheet, and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the Union's members, as a body, in accordance with the Trade Union and Labour Relations (Consolidation) Act 1992. Our audit work has been undertaken so that we might state to the Union's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the union and the union's members as a body for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of the Executive Council and Auditor

As explained more fully in the Statement of the Executive Council's Responsibilities, the Executive Council is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the union's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Executive Council; and overall presentation of the financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited finacial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- Give a true and fair view of the state of the union's affairs as at 31st December 2014 and of its deficit for the year then ended;
- Have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- . Have been prepared in accordance with the requirements of the Trade Union and Labour Relations (Consolodation) Act 1992.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE UNION OF CONSTRUCTION, ALLIED TRADES AND TECHNICIANS (CONT'D)

Emphasis of matter - Going concern

In forming our opinion on the financial statements, which is not modified, we have considered the adequacy of the disclosures made in note 1 to the financial statements concerning the union's ability to continue as a going concern. The union incurred a net deficit of £3,550,000 during the year ended 31 December 2014 and, at that date, the union had net current liabilities of £1,020,000. These conditions, along with the other matters explained in note 1 to the financial statements indicate the existence of a material uncertainty which may cast significant doubt about the union's ability to continue as a going concern. The financial statements do not include adjustments that would result if the union was unable to continue as a going concern.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Trade Union Labour Relations (Consolidation) Act 1992 requires us to report to you if, in our opinion:

- . Adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- The union has not maintained a satisfactory system of control over its transactions in accordance with the requirements of section 28 of the Trade Union and Labour Relations (Consolidation) Act 1992; or
- . The financial statements are not in agreement with the accounting records and returns; or
- Certain disclosures within the form AR21 of Officers' remuneration specified by law are not made; or
- . We have not received all the information and explanations we require for our audit.
