X9 INTERIM DEVICE AND USER SYSTEM TESTING

Interim Device Testing

X9.1 The DCC shall provide a testing service (referred to in this Section X9 as "**GFI Testing**") to enable eligible persons to test the interoperability of Devices (other than those comprising Communications Hubs) with the DCC Systems and with the Communications Hubs to be provided as part of the Testing Services, such that those Devices are able to respond to Commands received from or via the DCC in accordance with the requirements defined in the GB Companion Specification. The DCC shall provide GFI Testing with effect from as soon as reasonably practicable after this Section X9.1 takes effect, and (in any event) from the commencement of End-to-End Testing.

X9.2 The following shall apply in respect of GFI Testing:

- (a) the following persons shall be eligible to undertake GFI Testing: Parties and persons that have signed agreements based on the Specimen Enabling Services Agreement (subject only to such variations from such specimen form as are reasonable in the circumstances, including so as to require compliance with this Section X9.2);
- (b) the references in Section X9.1 to “Communications Hubs”, “DCC Systems” and “Devices” shall be interpreted as including reference to prototypes or simulations of those things (and GFI Testing shall not include communication via the SM WAN, or a simulation of the SM WAN);
- (c) Section H14 (Testing Services) shall apply in respect of GFI Testing as if GFI Testing was a Testing Service, and the DCC and each person undertaking GFI Testing shall comply with Sections H14 in respect of GFI Testing as if GFI Testing was a Testing Service (provided that none of the following shall apply: Sections H14.3, H14.4, H14.9, H14.10 and H14.11);
- (d) persons undertaking GFI Testing must each comply with such supplemental obligations as the DCC may notify to them from time to time (provided that

such obligations are not inconsistent with the provisions of the Code that are in effect at that time); and

- (e) the Testing Issue process in Section H14.37 to H14.45 (General: Testing Issue Resolution Process) shall not apply to GFI Testing, but the DCC must take reasonable steps to provide support and assistance to a person undertaking GFI Testing in order to assist that person in resolving Testing Issues encountered when undertaking GFI Testing.

Pre-UEPT Testing

X9.3 The DCC shall provide a testing service (referred to in this Section X9 as "**Pre-UEPT Testing**") that enables Parties to test their capability (and that of their Systems) to undertake the following activities over a DCC Gateway Connection:

- (a) the sending of (at least) the following Service Requests (which are identified by reference to the numbering used in the Common Test Scenarios Document):
