

## River Thames – river restriction

### Old Windsor lock cut bridge

### Immediately upstream of Old Windsor lock

**3<sup>rd</sup> July to 24<sup>th</sup> July 2016 10pm – 6am shifts.**

**There will also be an additional two 10pm – 6am shifts on 6<sup>th</sup> & 7<sup>th</sup> April 2016.**

### Old Windsor lock cut bridge strengthening works.

### Expect minor delays when travelling at night.

Strengthening works are being carried out to Old Windsor lock cut bridge during the above period. This will incorporate the construction of two additional strengthening beams running the length of the bridge. This will be carried out by a crane and inspection unit located on the road.

Works will commence during night shifts where assisted passage under the bridge will be provided by an onsite safety boat positioned at Old Windsor lock.

**Headway will not be reduced during the works of after works have been complete.**

Please follow directional signage, follow any directions given by the safety boat and/or officers of the Environment Agency and navigate slowly and with caution in the area of these works.
