Ref: FOI2017/00984

Via email – [REDACTED]

9 February 2017

Dear [REDACTED],

Thank you for your email of 23 January 2017 requesting the following information in relation to a female New Entrant into the RAF Police trade:

1. *The percentage chance of reaching further service for a New Recruit in the RAF Police trade.*
2. *The percentage chance of a New Recruit attaining promotion to further ranks and average LoS on promotion to these ranks. As previously could you also provide the percentage chance of promotion between ranks having already achieved the previous rank.*
3. *The average length of service in this trade (I think that this is referred to as Return of Service).*

I am treating your correspondence as a request for information under the Freedom of Information Act 2000 (FOIA).

The information you have requested can be found in the Adobe (.pdf) file attached to the email.

If you are not satisfied with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain dissatisfied following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act.

Please note that the Information Commissioner will not investigate your case until the MOD internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <https://ico.org.uk/>.

Yours sincerely,

Head of Defence Statistics (Air)

Would you like to be added to our contact list so we can consult with you if we are thinking about making any changes to the statistics we compile? Please register your interest by e-mailing defstrat-stat-air@mod.uk

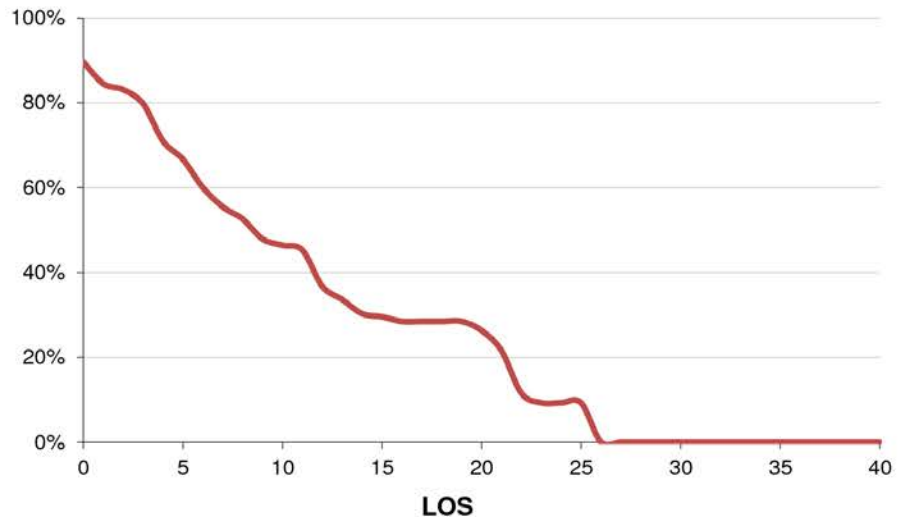

Career Projection for a Female New Entrant into the RAF Police Trade

	% chance of promotion in to rank	% chance of promotion in to rank, having already achieved the preceeding rank ²	Average <i>total</i> length of service on promotion in to rank
AC/LAC			
SAC	83%	83%	1 year 2 months
CPL	51%	64%	6 years 6 months
SGT	32%	69%	12 years 8 months
FS	15%	54%	20 years 6 months
WO ³	-	-	-

Average Return of Service² 8 years 5 months

Survival Curve

¹ 'LoS x' means 'LoS greater than or equal to x but less than x+1'. So 'LoS21', for example, is the chance of personnel serving more than or equal to 21 years but less than 22 years.

² 'Average Return of Service' considers the trade as a whole and is not specific to rank or LoS. It refers to the average length of service on exit.

³ Small population sizes can create misleading averages. Where the actual number of promotions to paid rank is less than or equal to 5 promotion information has been suppressed and marked with a "-".

Notes:

a. These data are based on the seven year span of actual data 2009/10 – 2015/16. By considering a cohort of individuals with the similar characteristics - **Female New Entrants** into the **RAFP** trade - average career projections have been calculated.

b. Defence Statistics' career forecasts are not based on the actual experience of any one individual, but rather are based on the historical behaviour of individuals with similar characteristics.
