

IMPORTANT INFORMATION

Corruption and Money Laundering

Please note that the OECD countries, including the United Kingdom, are committed to combating corruption and money laundering. The law in the UK has been strengthened in order to do so. Whilst you are responsible for ensuring that your activities comply with all laws that are relevant to the transaction in respect of which you are applying for UKEF's support, UKEF would draw your attention, in particular, to the applicable law on corruption contained in the Bribery Act 2010 and to the applicable law on money laundering contained in Part 7 of the Proceeds of Crime Act 2002. Certain acts committed abroad now constitute criminal offences in the UK. You should also be aware that UKEF routinely refers allegations of bribery and corruption and money laundering to the appropriate authorities.

OVERSEAS INVESTMENT INSURANCE

1. At an early stage in the negotiation of an investment the Proposer should complete a Preliminary Proposal form. This will enable UKEF to consider the issue of a non-binding indication of cover for the proposed investment.

2. The questions in this Proposal must be answered to the full extent of your capability at the time at which you submit this Proposal. If a full answer to any questions would require details which are not within your knowledge, please expressly draw that fact to UKEF's attention in your response to that question.

If the space provided is insufficient, please continue answers on your headed notepaper and attach it to this form.

3 You must disclose all material facts. Failure to do so may nullify any Overseas Investment Insurance Policy based on this Proposal. Your duty to disclose material facts continues after the date of signature of this Proposal until the date cover under the Overseas Investment Insurance Policy commences. A material fact is one likely to influence UKEF's acceptance or assessment of this Proposal. If you are in any doubt as to what is a material fact you should consult UKEF or, if appointed, your broker.

4 A formal offer of investment insurance will be considered only following receipt of a Main Proposal form and where necessary an Impact Questionnaire. The form is common to both Equity and Loan investments. However, the Proposer is required to complete only the relevant parts i.e.

- a. Equity investments - Parts A, B, C, E and F
- b. Loan investments and Loan Guarantees - Parts A, B, D, E and F

5. Sections B4 and B5 of the Main Proposal Form contains questions in respect of the potential environmental and social impacts relating to the Investment / Project that you are investing in. Based on the answers to these questions, cases will be categorised by UKEF as either A, B or C in accordance with the OECD Recommendation on Common Approaches on the Environment and Officially Supported Export Credits. Category C cases will not normally be scrutinised further. For cases categorised as Category B UKEF will ask you to complete an Impact Questionnaire to enable further consideration to be given to your

application. For Category A cases UKEF will require a full environmental and/or social impact assessment including, where appropriate, resettlement action plans.

6. In respect of an Equity investment, the Proposer should note that the **Maximum Insured Amount** (MIA), which constitutes UKEF's maximum liability for the payment of claims, can either be confined to the amount of the initial investment or (if cover for earnings to be retained in the overseas Enterprise is required and subject to the agreement of UKEF) be a figure up to a maximum of three times the amount of the initial investment. The **Current Insured Amount** (CIA) sets a ceiling on UKEF's liability for each year of the policy. It is chosen by the Investor prior to the commencement of the policy and prior to each year for which the policy is renewed. It should be sufficient to cover the value of the initial investment at the time it is made plus expected earnings during the year of the policy to which it relates (after the first year it should include earnings already retained in the overseas Enterprise or any losses made). The CIA may not exceed the MIA.

In respect of a Loan investment the Proposer should note that the MIA should be the total principal value of the loan plus one year's interest. The CIA should be the outstanding principal plus interest on that amount for the first year.

7. The forms refer to Sterling and Dollars. Cover is, however, available in most major currencies. Please note that any investment made before an Insurance Agreement is signed with UKEF remains entirely at the risk of the Proposer. An investment overseas can be considered for cover only if a Preliminary or Main Proposal form has been submitted to UKEF before the Investor has made, or is committed to make, the investment.

If you require further information or assistance in completion of the proposal forms please contact general enquiries on 020 7271 8010.

We ask UKEF to note our interest in Overseas Investment Insurance cover in respect of the above investment and ask that a non-binding indication be issued.

We acknowledge that:

- (1) the issue of such an indication, if possible, will not commit UKEF to providing Overseas Investment Insurance cover for the investment; and
- (2) UKEF will only be bound to provide such cover when, and if, following our submitting to UKEF a full Main Proposal Form, we join with UKEF in entering into an Overseas Investment insurance Agreement in such form as UKEF may require and pay to UKEF the amount of premium required by that Agreement on the due date for payment of that premium (and, in such circumstances, Overseas Investment Insurance cover will be provided by UKEF in accordance with the terms of that Overseas Investment Insurance Agreement).

- 3 The Proposer agrees that the Proposer and the Investor shall notify UKEF immediately of any changes occurring to the information given in this Proposal save where such notification would, or might reasonably be argued to, constitute the offence of "tipping off" under section 333A of the Proceeds of Crime Act 2002;

7.3 the Proposer and the Investor:

7.3.1 shall have required, or shall require, anyone (including any of its employees) acting on our behalf with due authority and involved in making or acquiring the Investment or any Related Agreement, not to engage in any Corrupt Activity (or any activity which, subject to the occurrence of the subsequent events referred to in paragraphs (1), (2) or (4) of the definition of Corrupt Activity, would amount to Corrupt Activity) in relation to the Investment or any Related Agreement;
