

Freedom of Information request 2014-3677

Date received 19 August 2014

Date of response 17 September 2014

Information request

I need statistics on people who live in London aged 50+ leaving the Work Programme.

I looked at DWP Tabulation Tool but as far as I can see there is no 'age' option for those leaving the Work Programme.

Would you be able to send me monthly data for, say, the last three years please, or tell me where I can find this?

DWP response

In response to your query, information on the monthly number of Work Programme completers aged 50 and over by their current Work Programme status, in London from 1 June 2011 to 31 March 2014, which is the latest available information, can be found in the attached Excel spreadsheet (FOI 2014-3677 Response.xls).
