

Data to be included in 3rd May 2017 Local Tobacco Control Profiles update

Data for the indicators listed below will be added to the Local Tobacco Control Profiles data tool as part of the February update - see <http://www.tobaccoprofiles.info/>. All indicators are at England and both tiers of local authorities unless otherwise stated.

Indicator Name	Time period added	Already in public domain in exact format?
Smoking attributable mortality*	2013-15	No
Smoking attributable deaths from heart disease*	2013-15	No
Smoking attributable deaths from stroke*	2013-15	No
Smoking attributable hospital admissions*	2015/16	No
Emergency hospital admissions from COPD	2015/16	No
Lung cancer registrations	2013-15	No
Oral cancer registrations	2013-15	No
Premature births	2013-15	No

The following indicators have been updated in the Local Tobacco Control Profiles data tool since the previous update on 7 February, in order to keep them consistent with other PHE Official Statistics products:

Indicator Name	Time period added	Already in public domain in exact format?
Low birthweight of term babies	2015	Yes, published by PHE on March 7th, and included in LTCP at that time
Hospital admissions for asthma (under 19 years)	2015/16	Yes, published by PHE on March 7th, and included in LTCP at that time

* No lower tier local authority data available

New indicator to Local Tobacco Control Profiles
